Important Information on Paying Your Nebraska Business Taxes

What

After June 30, 2017, you will be mandated by the Nebraska Department of Revenue (Department) to electronically pay all Nebraska (Tax Type) tax due.

Why

In 2010, the Nebraska Legislature passed Neb. Rev. Stat. § 77-1784 authorizing the Tax Commissioner to mandate:

- Electronic payment of (Tax Type) tax for taxpayers with annual payments exceeding a threshold amount of \$5,000; and
- A \$100 penalty for noncompliance in all tax programs, except individual income tax.

The Tax Commissioner has phased in threshold amounts over time to provide enough notice for taxpayers impacted by the mandates. **Your payments exceed the current threshold of \$5,000, so you are required to pay electronically beginning July 1, 2017.**

Use Electronic Funds Withdrawal (EFW)

With this payment option, you provide your payment information within your electronically-filed return. Your payment will automatically be withdrawn from your bank account on the date you specify. EFW is available when using the NebFile for Business programs and when e-filing business income tax returns using third-party software.

Other Electronic Payment Options

- Go to the Department's website at revenue.nebraska.gov.
- Under "Online Services," and "For Businesses," click on "Make a Payment."
