**2006 ANNUAL REPORT**

**PREFACE**

This is the **eighth** annual report published for this agency. As of July 1, 1999, the former Property Tax Division of the Department of Revenue became a separate agency called the Department of Property Assessment & Taxation, directed by the Property Tax Administrator. All property tax data prior to 1999 can be found in the Department of Revenue's Annual Report.

The purpose of this annual report is to provide interested citizens with pertinent information about property valuations, tax rates, and taxes levied for local governments. The annual report focuses on summary information for the current tax year and also provides historic data for the state.

The information contained in this annual report should be viewed as a source material. Although every attempt for accuracy is made, this report should not be viewed as a substitute for independent research or legal document in place of an attorney's opinion.

A sincere thank you is extended to all Nebraska assessors for their efforts in reporting data which serves as the basis for much of this annual report.

The Department of Property Assessment & Taxation appreciates any comments that you may have regarding the format, content and usefulness of the information in this report.

## **PURPOSE**

---

The purpose of the Nebraska Department of Property Assessment and Taxation (Department)<sup>1</sup> is to develop information, in various formats, that assists the administrators, payers and beneficiaries of the property taxes to make informed decisions concerning the quality of the assessment function of the property tax system in Nebraska. Beginning on July 1, 1998, the Department assumed the assessment function in several counties in Nebraska.

The Department, directed by the Property Tax Administrator<sup>2</sup>, is statutorily created and governed by the Nebraska Constitution and statutes. Its functions include, but are not limited to, the following:

- To provide legal, policy and assessment information through regulations, rulings, directives, standards, manuals, and education, to the county assessors and other assessing officers to ensure the uniform execution of the property tax laws<sup>3</sup>.
- To administer the assessment function in counties which have transferred that responsibility to the Property Tax Administrator<sup>4</sup>.
- To provide advice concerning the assessment of real property to ensure the uniform and proportionate valuation of real property<sup>5</sup>.
- To provide information to the property owner concerning the level of value and quality of the assessment of real property in each county<sup>6</sup>.
- To determine the assessable valuation of all taxable property in each school district for purposes of the Tax Equity and Educational Opportunities Support Act<sup>7</sup>.
- To value and distribute the value of property required to be valued by the state, such as railroad companies, public service entities, car companies, and air carriers<sup>8</sup>.
- To administer the assessment administrative program for contracted counties<sup>9</sup>.
- To determine the appraised value for the public sale of educational lands.<sup>10</sup>
- To determine the eligibility for exemption of certain personal property subject to compliance with the Employment and Investment Growth Act and the Nebraska Advantage Act.<sup>11</sup>

## **DIVISIONS of Nebraska Department of Property Assessment & Taxation**

### **Property Tax Administrator**

The Property Tax Administrator is the chief executive officer of the Department of Property Assessment and Taxation (Department). The qualifications and duties of the Property Tax Administrator are established by statute, see Neb. Rev. Stat. §77-701 and §77-702 (Reissue 2003). The Property Tax Administrator is appointed by the Governor, with the approval of a majority of the members of the Legislature, for a six-year term.

### **Administration**

The Administration Division is responsible for management of the support functions of the Department such as budget, accounting, and personnel, and performs general office administration for all divisions.

### **Policy/Legal**

The Policy/Legal Division is responsible for all legal matters for the Department. The Department currently has two attorneys to serve all legal functions. Additionally, the Department has Associates that provide policy functions such as legislation, regulations, correspondence, coordination of education for assessor's certification, and promulgation of the Nebraska Assessor Reference Manual, information guides/brochures, and other associated duties. This Division is responsible for specific statutory duties, including: valuation of state assessed property (railroad companies, public service entities, car companies and air carriers); distribution of car company and air carrier taxes; creation of the Tax Increment Financing Annual Report; determination of the appraised value for the public sale of educational lands; determination of the eligibility for exemption of certain personal property subject to compliance with the Employment and Investment Growth Act and Nebraska Advantage Act; annual certification of school adjusted valuation used in state aid calculations; administrative reports filed by counties for data collection of valuation and property tax information; and preparation of the Department's Annual Report.

### **Information Technology**

The Information Technology Division is responsible for the Department's personal computer environment and providing advice and assistance to all Department staff on the utilization of the programs used by the Department. This division includes the Department's data entry staff which performs support functions to all divisions. Currently, this Division's staff troubleshoots all technology issues and administers the GIS – Geographic Information Systems and associated

data bases, e.g. maps with pertinent characteristics that impact valuation, taxation, equalization, etc. This staff is also responsible for the administration of the computer software program for the Property Tax Administrative System/Computer Assisted Mass Appraisal Division (PTAS/CAMA) and to provide specific support functions to users of the computer software program that the Department provides to its assessment offices and contracted counties.

## **Measurement**

The Measurement Division is responsible for ascertaining the level of value and quality of assessment of all real property in each county. This Division works directly with county officials and provides advice and guidance on all issues of the assessment process, with particular focus on the assessment of real property. This Division develops the sales file that is used throughout the assessment process, including: determining the adjusted valuation for school districts; information for the Reports and Opinions of the Property Tax Administrator provided to the Tax Equalization and Review Commission; and, valuation information for use by the county assessors. The sales file is a statutorily required database containing sales of real property for use in valuation and measurement. The employees in this Division, Field Liaisons, are located throughout the state, so that they are experienced in the area of their work and are readily available for assistance to the counties that they serve. The Field Liaisons work with the county assessors on analysis of sales information and assessment practices and procedures.

## **Assessment**

The Assessment Division is responsible for performing the assessment function in counties where the function has been assumed by the Department. These functions include management of the assessment office in each county and the appraisal of all real property in each county. Currently, the Department has assumed the assessment function in the following nine counties: Dakota, Dodge, Garfield, Greeley, Harlan, Hitchcock, Keith, Saunders and Sherman. While the process for managing the assessment office is fairly unchanged as a result of the state assumption, the Department's philosophy regarding the appraisal function is different from that of an individual county. The Department has appraisal staff that are shared among the counties that are assumed. Sharing these resources allows for a more efficient allocation of resources. While some of the counties are large and active enough to justify their own appraiser or appraisers, some of our counties are small enough to share appraisal staff if they are located close to one another.

## **PROPERTY TAX HISTORY**

---

Since the beginning of Nebraska's statehood, property tax was a major source of state and local operating revenue. This tax was initially adopted by the Territorial Legislature in 1857. The growing need for public services and changes in economic structure caused property taxes to steadily increase. This in turn prompted the necessity for relieving property taxes and providing new sources of revenue.

In November 1966, approval of a constitutional amendment abolished "state" property taxes. Also, the Legislature repealed the head and poll taxes, the tax on intangible property, the tax on household goods, and certain miscellaneous personal property taxes. In order to replace lost revenues, the Legislature adopted two broad-based taxes in the Revenue Act of 1967: the state sales and use tax and the income tax. In addition to replacing lost state revenue, a portion of the sales and income tax monies were designated to finance state aid programs. At that time, \$35 million was designated annually for aid to school districts. An additional \$10 million each year was distributed to cities and counties to replace lost revenues due to the elimination of intangible property, household goods, and personal effects from the property tax base.

In 1969, the Homestead Exemption Act was passed to provide property tax relief to owners of residential property. It provided for an exemption of \$800 of actual value for residences valued at \$4,000 or more. At that time, it involved about \$3.5 million annually. The homestead exemption benefits have been changed over the years and currently provide for an exemption of all or part of real property taxes, for individuals over 65 with limited income, veterans, and individuals with certain disabilities. Additionally, approximately, \$1.5 million was appropriated for public and junior colleges.

Since 1967, "local" units of government have exclusively levied property taxes. In 2006, Nebraska's local governments levied approximately \$2.442 billion in property taxes. In addition, for fiscal year 2006-2007, there is approximately \$1.105 billion in local tax relief (state aid) appropriated for local governments (see statistical Table 3B & 3C).

Over the years, Nebraska's property tax structure has changed as the Legislature attempted to address various economic concerns. Property tax remains primarily a tax on real property, but changes have been made in the classification of property, as well as the level of assessment at which property is taxed. Nebraska's constitution, Article VIII, Section 1, requires uniformity and proportionality both as to the rate and the valuation.

Social and economic trends continue to impact Nebraska citizens' views on all taxes and state aid programs. Meanwhile, the payers and recipients of taxes share in the benefits of public schools, roads, law enforcement, and a number of other public facilities and programs.

## **SUMMARY OF LEGAL/LEGISLATIVE ACTIONS THAT HAVE SHAPED NEBRASKA'S PROPERTY TAX POLICY**

---

### **General Overview:**

The Nebraska Constitution, Article VIII, sets out the general principles upon which the property tax system is built. Specifically, section 1, subsection (1), states, "Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this constitution." The Constitution further defines different principles for real property and personal property and provides for exemptions and preferential valuations.

### **Real Property:**

Nebraska Constitution Article VIII, section 1, subsection (1), directs that the property taxes imposed on real property shall be based upon valuations that are uniform and proportionate. However, for agricultural and horticultural land, section 1, subsection (4), provides that valuations need not be uniform and proportionate with other classes of real property, but must be uniform and proportionate upon all property within the class of agricultural and horticultural land. Classification changes are addressed in the following sections for agricultural and horticultural land and personal property. Over time, changes have also been made in the level of assessment at which property is taxed, as follows:

- a) 1920 and prior years, property was assessed at 20 percent of its actual value;
- b) 1921 to 1952, property was assessed at its actual value;
- c) 1953 to 1955 property was assessed at 50 percent of its actual value;
- d) 1956 and 1957 property was assessed at 50 percent of its base value;
- e) 1958 to 1980 property was assessed at 35 percent of its actual value;
- f) 1981 to 1991 property was assessed at 100 percent of actual value;
- g) 1992 to 2006 property is assessed at 100 percent of actual value, with the exception of agricultural and horticultural land which is assessed at 80 percent of actual value;
- h) 2007 agricultural and horticultural land will be assessed at 75 percent of actual value.

### **Agricultural and Horticultural Land:**

1972: Constitutional amendment, Article VIII, section 1, subsection (5); Legislature is authorized to enact laws providing for the valuation of land actively devoted to agricultural or horticultural uses based on its agricultural or horticultural use without regard for other purposes and uses. Subsequently, the Legislature authorized special valuation.

1984: *Kearney Convention Center v. Board of Equal.*, 216 Neb. 292, 344 N.W.2d 620 (1984). Commercial property owners requested that their valuation be equalized with agricultural land which was assessed at a lower level of value.

1984: Constitutional amendment, Article VIII, section 1, subsection (4); agricultural land is defined as a separate and distinct class and authorized the use of any different approach to value agricultural land.

1986: The Legislature adopted a method to value agricultural land according to a formula based on earning capacity (LB 271 1985). Income streams were averaged by county and the capitalization rate was fixed in statute. Earning capacity is not similar to the income approach to value as used in professionally accepted appraisal practices.

1987: *Banner County v. State Bd. of Equal.*, 226 Neb. 236, 411 N.W.2d 35 (1987). While the constitution stated that agricultural land was a separate and distinct class of property, the constitution still required that all real and tangible personal property values be uniform and proportionate. Using the earning capacity formula to value agricultural land would have been allowable if the resulting values had been correlated to be proportionate with all other real and tangible personal property.

1989: Legislation was passed to change the assessment of agricultural and horticultural land so that the results could be adjusted to be uniform across county lines (LB 361).

1990: Constitutional amendment; agricultural land defined as a separate class of real property and removed from the uniform and proportionate clause, meaning that it need not be uniform and proportionate with OTHER CLASSES of property. However, the values of agricultural land must be uniform and proportionate within the class of agricultural land.

1991: In response to *Banner County v. State Bd. of Equal.*, the Legislature passed LB 404, which froze agricultural and horticultural values for tax year 1991 at the 1990 value, to give time to respond to the case. The Legislature also passed LB 320, effective for 1992, which changed the assessment of agricultural land so that the capitalization rate used to set value is market derived. The capitalization rate was increased 25 percent so that the resulting values from the income calculation correlate to 80 percent of market value.

1992: The Legislature requires that agricultural land be valued at 80 percent of actual or market value. All other real property is valued at 100 percent of actual or market value.

2000: *Bartlett v. Dawes County Board of Equal.*, 259 Neb 954, 513 N.W.2d 810 (2000). Supreme Court ruled that the Tax Equalization & Review Commission could not adjust by market area to achieve inter-county equalization because market areas were not defined as a class or subclass under the statutes.

2001: In response to the Bartlett case, the Legislature provided for a definition of class or subclass of real property as a group of properties that share characteristics not shared by those outside the class or subclass. The classification may be based on parcel use, parcel type, location, geographic characteristics, zoning, city size, parcel size, and market characteristics that affect market value.

2002: Legislation was passed requiring the Property Tax Administrator to prepare and issue a comprehensive study to determine the level of value of agricultural and horticultural land that is receiving special valuation.

2005: LB 261 passed which eliminated the agricultural and horticultural land valuations boards and the land manual areas beginning January 1, 2006.

2006: LB 808 modified the special valuation (greenbelt) provisions of Nebraska law and made a number of procedural changes, effective January 1, 2007. Generally, the changes narrowed the availability of special value, but the bill also eliminated agricultural zoning as a requirement for special value and phased out the requirements of recapture over three years.

Under LB 808, agricultural and horticultural land means that an entire parcel must be primarily used for agricultural or horticultural purposes. Agricultural or horticultural purposes means used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture.

2006: LB 968 decreased the assessment percentage for agricultural and horticultural land from 80 percent to 75 percent of actual value beginning January 1, 2007.

### **Personal Property:**

1967: After the November 1966 vote which changed the Constitution, the Legislature repealed the head and poll taxes, exempted household goods, clothing and other personal items, and exempted intangible personal property such as stocks, bonds and certificates of deposit.

1970: Constitutional amendment; voters give approval to the Legislature to classify and exempt personal property.

1972-1974: The Legislature partially exempted from taxation agricultural income-producing machinery and equipment; business inventory; livestock; grain and seed; and poultry, fish and fur-bearing animals. The Legislature provided for a 12.5 percent exemption of actual value for calendar year 1973. The exemption increased by 12.5 percent each year until a total of 62.5 percent was exempt in 1977. Political subdivisions were reimbursed for the tax revenue loss resulting from these exemptions. In 1974, the Nebraska Supreme Court ruled that personal property tax exemptions were constitutional.

1977-1981: The Legislature completely exempted from taxation the classes of personal property that had been partially exempted except business inventory and livestock were fully exempted in calendar year 1978. The Legislature appropriated \$58.6 million as Personal Property Relief to reimburse local governments for the losses resulting from these exemptions. Business inventories became totally exempt for calendar year 1979 and a reimbursement of \$62.2 million was appropriated for fiscal year 1979-1980. Livestock became totally exempt in calendar year 1980 and a reimbursement of \$70 million was appropriated for fiscal year 1980-1981.

1982: The Legislature eliminated the Personal Property Tax Relief and the Government Subdivision Fund. LB 816 provided for the distribution of aid to community colleges, natural resource districts, incorporated municipalities, counties, and for aid to school districts from the School Foundation and Equalization Fund.

1986: Car line companies began requesting that their personal property be equalized with all personal property. Citing protection under the 1976 Federal Railroad Revitalization and Regulatory Reform Act (Federal 4-R Act), the car line companies argued that since much of the personal property in Nebraska was exempted from taxation by the Legislature (inventory,

agricultural machinery and equipment, earth-moving equipment, etc.), therefore their personal property was being taxed to a greater degree than other personal property in Nebraska. Based upon the Federal 4-R Act, the Federal District Court ruled that the Nebraska property tax on personal property of car companies violated the Federal 4-R Act. The State was prohibited from collecting property tax on car companies.

1987: Railroads filed suit against Nebraska arguing that the property tax on railroad personal property violated the Federal 4-R Act. The litigation was settled in 1989, resulting in the railroad companies paying tax on 25 percent of their value attributed to personal property for 1987, 1988, and 1989.

1988: LB 1091 created a one-time appropriation to reimburse local governments for any losses attributable to the railroad's Federal 4-R Act litigation that exceeded one percent of expected property tax dollars. After line item vetoes and partial overrides, the amount appropriated to the fund from the Cash Reserve Fund totaled \$7.7 million.

1988-1990: Following the railroads, other centrally assessed companies such as pipelines, telecommunications, and airlines appealed to the State Board of Equalization requesting equalization of their personal property with the exempt property of car companies and railroads. The companies were denied by the State Board and appealed to the Nebraska Supreme Court based on the Nebraska constitutional requirement of uniform and proportionate values for the levy of property taxes.

1989: The Nebraska Supreme Court ruled in favor of four pipeline companies for the 1988 tax year, and the State Board equalized their personal property value to zero. In July 1991, the Nebraska Supreme Court ruled on the tax year 1989 equalization requests of centrally assessed companies. The court found that equalization was not an appropriate remedy. All previous personal property exemptions were declared unconstitutional, effectively overturning the 1974 decision allowing personal property exemptions. As a result of the court's decision on the 1989 cases the State Board reduced the 1990 certified values of the appealing centrally assessed companies by 18.81 percent.

1991: LB 829 exempted all personal property from property tax for 1991 only and reimbursed local governments for the loss using a series of revenue-raising proposals including a depreciation surcharge, a temporary reduction in the sales tax collection fee, extending the sales tax to manufacturing energy, and a one-year increase in the corporate occupation tax. The total cost was \$120 million.

1992: Constitutional amendment LR 219CA was adopted and removed personal property from the uniform and proportionate clause of the constitution. It authorized personal property to be either taxed on actual value or net book value while allowing reasonable classifications to be exempt, and set apart a classification for the properties of entities that are protected by federal law, such as railroads. The Legislature passed LB 1063 and the "net-book" concept of taxing depreciable tangible personal property was adopted, rather than taxing personal property based on actual value.

1993: The Nebraska Supreme Court ruled on the appeal of the State Board of Equalization and Assessment's action which reduced the 1990 certified values of the appealing centrally assessed

companies by 18.81 percent. The court upheld the State Board of Equalization's remedy which was to refund the difference in tax the appellants would have been required to pay if all of the exempt property in question had been placed on the tax rolls and taxed.

1994: The legislature exempted livestock from the personal property tax.

2005: LB 312 Nebraska Advantage Act was passed, providing new economic development incentives and replaced legislation passed nearly 20 years ago (LB 775). Benefits include sales tax exemption of manufacturing machinery and equipment, income tax credits, and exemption of personal property tax for an investment of at least \$10 million and the hiring of at least 100 new employees. Eligible personal property includes certain aircraft, main frame business computers for business information processing, depreciable personal property used for distribution facilities to store or move products, and depreciable personal property in a single project if the personal property is involved directly in the manufacture or processing of agricultural products.

### **Other Property "Assessment Structure" Changes:**

1996: The property assessment calendar was changed so that statewide equalization is completed first in the process and then property valuation notices are sent to individuals. An individual may then protest his or her property valuation to the county board of equalization (LB 452 1995).

1996: The Tax Equalization and Review Commission replaced the State Board of Equalization and Assessment in the equalization of property valuations. In addition to its constitutional statewide equalization duties, the Commission replaced the district court for the purpose of hearing individual appeals from decisions of the Property Tax Administrator, Department of Motor Vehicles, or the county board of equalization involving the valuation and taxation of property. Commissioners are appointed by the Governor and serve six-year terms (LB 452 1995).

1996: For purposes of the Tax Equalization and Review Commission's statewide equalization of real property, the Legislature established acceptable ranges for the level of value for each class of property. The acceptable ranges for the level of value are 74 to 80 percent of actual value for agricultural land and 92 to 100 percent for all other real property (LB 452 1995).

1996: The Property Tax Administrator position was created to oversee the Property Tax Division of the Department of Revenue. The powers and duties of the State Tax Commissioner relating to valuation and taxation of property were transferred to the Property Tax Administrator. The Property Tax Administrator is appointed by the Governor and approved by the Legislature to serve a six-year term (LB 452 1995).

1998: Beginning July 1, 1998, a county board may vote by resolution to have the Property Tax Administrator assume the county assessment function. The state would become fiscally responsible for the assessment functions in that county. County assessor and employees of the assessor's office in those counties become state employees. Currently, 9 out of 93 counties have turned the assessment function over to the state.

1998: LR 45CA placed four separate constitutional amendments on the 1998 general election ballot as follows: (1) strike the requirements that motor vehicle taxes be distributed to local governments in proportion to property taxes levied, (2) provide for the merger or consolidation of cities and counties, (3) limit the property tax exemption for government property to property used for a public purpose, and (4) strike all references to townships in the Constitution. The first three amendments succeeded while the fourth failed.

1999: Beginning July 1, 1999, the former Property Tax Division of the Department of Revenue became a separate agency called the Department of Property Assessment and Taxation, directed by the Property Tax Administrator.

2001: Beginning January 1 2001, property of the state and its governmental subdivisions that is not used or not being developed for a public purpose is taxable, based on Constitutional Amendment to Article VIII, section 2, subsection (1). Previously, all governmentally owned property, no matter how used, was exempt from property taxation. The original legislation, LB 271, passed in 1999 and implementation was delayed until 2001.

2003: Following the implementation of LB 271, a number of political subdivisions took issue with the taxation of their property and appealed the taxability of certain governmentally owned property. In 2003, both the Nebraska Supreme Court and Nebraska Court of Appeals issued decisions on this issue. See, *City of Alliance v. Box Butte Cty. Bd. of Equal.*, 265 Neb. 262 (2003), *Brown Cty. Ag. Society v. Brown Cty. Bd. of Equal.*, 11 Neb. App. 642 (2003), *City of York v. York Cty. Bd. of Equal.*, 266 Neb. 297 (2003), *City of York v. York Cty. Bd. of Equal.*, 266 Neb. 305 (2003) and *City of York v. York Cty. Bd. of Equal.*, 266 Neb. 311 (2003). Although each case deals with a separate factual situation, it appears that the courts have taken a fairly expansive view of what constitutes a “public purpose” under LB 271. If, for example, the political subdivision is authorized to use its property in a particular way, that use constitutes a public purpose for the purposes of being exempt from property taxes, even if the property is also being used for an ongoing nonpublic use. Further, if a public purpose is advanced by the ownership of the property by the political subdivision, that use will be deemed to predominate, even if there is another, ongoing nonpublic use being made of the property. The courts did not specifically deal with the question of whether the mere generation of proceeds for the political subdivision through the use of its property would be sufficient to maintain the exempt status of the property.

2005: LB 66 passed which provides for a valuation preference rather than a complete exemption for historically significant real property that has been renovated or rehabilitated. The law limits the preference to properties deemed “historically significant” as opposed to any real property over a certain age. There is an application and approval process with the State Historical Preservation Officer (SHPO) for the real property to be deemed historically significant and revolves around the National Register of Historic Places. A “preliminary certificate” must be obtained and is the step that sets the “base value” for the property. When the work on the real property is complete, a certificate of rehabilitation is issued and the property is to be assessed at no more than its base value for eight years. In years 9-11, market value is increased incrementally until at the beginning of year 12, the value for the property is at actual value. The valuation benefit only applies to real property for which a final certificate of rehabilitation has been issued (by the SHPO) after January 1, 2006.

### **Other Property “Tax Policy” Changes:**

1996: LB 1114 imposed levy limits on all local governments to limit the total property tax rate (excluding exceptions) to \$2.24 per \$100 of taxable value beginning in 1998 and \$2.13 when fully implemented in 2001. Exceptions were for bonded debt, grandfathered building fund projects for schools, grandfathered capital lease purchases, and voter-approved overrides. Another crucial change was the concept of allocated levies, wherein counties were responsible for including the levy of small miscellaneous governments within the 45 cent limit of the county.

1996-1997: LB 299 imposed certain budget limits. For all political subdivisions, except schools and SID's 5 years old or less, the budget limit for restricted funds for fiscal year 1996-1997 was 2 percent plus population growth. For fiscal year 1997-1998 the budget limit was the prior year's total of restricted funds plus population. For school districts the budget limit for general fund expenditures, other than special education, for fiscal year 1996-1997 was 2 percent plus the percent increase in the number of students. For fiscal year 1997-1998 the budget limit was the prior year's general fund expenditures, other than special education, plus the increase in students. There were certain statutory exceptions to the limits and provisions to exceed the limit by 1 percent required a 75 percent vote of the governing body.

1996: LB 1177 created a Municipal Equalization Fund and provided for aid to municipalities that are unable to raise the average amount of property tax revenue per capita with the average property tax levy. The bill also allowed counties to levy a sales tax of up to 1.5 percent to support the county share of jointly provided public safety services.

1997: LB 269 – (1) changed the levy limits for Community Colleges from eight cents through 2000-2001 and four cents thereafter to eight cents through 1999-2000 and seven cents thereafter, (2) created a new equalization formula for funding Community Colleges that makes up for any differences between the maximum levy times the valuation for the area and 40 percent of the total spending allowed to the area, (3) provided for levy allocation by municipalities for Community Redevelopment Authorities, city airport authorities and other entities created by cities, and (4) divided municipalities into three different size groupings for purposes of the state's city equalization formula (LB 1177 1996).

1998: LB 695 provided an equalization aid program for counties. The program distributes about \$6 million annually to counties that are unable to generate the average number of dollars per road mile by levying a uniform local effort rate provided for in the bill. The bill also provided that counties receive \$35 per day for state prisoners held in county jails, a program which was originally budgeted to receive \$6 million of funding.

Funding for both of these programs was cut in the 2002 legislative session, as the state faced actual decreases in sales and income tax revenues. The road mile equalization program was completely unfunded in the 2004 to 2006 budgets. Jail cost reimbursement was reduced by half. Both programs are scheduled to be funded again in the 2007-2009 biennial budgets, but no defined appropriations have been adopted.

1998: LB 1120 created an aid program for rural and suburban fire protection districts that cooperate by setting a uniform tax rate to finance these services in the great majority of any one

county. The aid amount is \$10 per resident within the agreement. The annual cost is about \$2.5 million.

1999: LB 881 used the Cash Reserve Fund to provide for specific property tax relief programs. For 1999, \$30 million was distributed to Community Colleges based on valuation. The additional distribution to Community Colleges was also repeated in 2000 using General Funds. Finally, in 2001, \$35 million was transferred to the General Fund to help finance the additional school aid needed to fund the reduction in levy limit for schools from \$1.10 per \$100 of taxable value to \$1.00.

1999: LB 881 also provided for \$25 million for the Relief to Property Taxpayers Act. The Act provided direct local property tax relief to all taxable real property in the form of a tax credit and is displayed on the tax statement. The credit, for year 2000, provided \$30.54 in property tax relief for every \$100,000 in taxable value. In other words, for every \$100,000 in taxable value, the state will pay the local taxing subdivisions \$30.54 that otherwise would have been collected from the taxpayer. Due to state budget constraints, the Legislature did not appropriate any monies to the Relief to Property Taxpayers Act in 2001 and subsequently repealed the Act in 2002.

2005: LB 40 became operative July 1, 2005. This legislation increased the documentary stamp tax from \$1.75 to \$2.25 for each one thousand dollars of value or fraction thereof.

2006: Effective June 15, 2006, pursuant to final orders issued pursuant to 2005 Neb. Laws LB 126, all Class I school districts (elementary grades only) and Class VI high school districts (high school grades only) were dissolved and merged into school systems that offer kindergarten through grade 12. Nebraska's approximate 469 individual base school districts decreased to 254 school systems for 2006. This legislation was repealed by voters in the 2006 November election but it did not automatically reinstate the school districts as they existed prior to implementation of LB 126. Instead, the 2007 legislative session will provide the enabling statutory language for Class I or Class VI schools to exist or be created again.

2006: LB 968 eliminated the termination date for the increase in the school levy to \$1.05 per \$100 of taxable value and the levy limit will remain at \$1.05 rather than returning to \$1.00 in 2009.

### **State Aid to Education (TEEOSA):**

1990: The Legislature enacted LB 1059, Tax Equity and Educational Opportunities Support Act (TEEOSA). LB 1059 increased the sales tax rate from 4 percent to 5 percent and the income tax rates by 8.5 percent for 1990 and an additional 8.5 percent for 1991 to fund the Act. This landmark school finance legislation dramatically increased state aid distributed to schools in an "equalized" manner. School costs were calculated per student within nine "tiers" or groups of similarly-sized schools and the formula enabled each school district to finance the average cost per student for the tier with a combination of state aid and property taxes at a defined "local effort rate". The rate varied based on the amount of appropriation available. LB 1059 also "rebated" 20 percent of the income tax paid by residents of the district to the district. Total cost when fully implemented was about \$210 million. The purpose of LB 1059 was to provide

additional state aid to schools, reduce the reliance on property taxes to fund public education, and to try to remedy inequities in educational fiscal resources for students. While the formula for distributing state aid has been adjusted several times since 1990, measuring each school district's ability to generate revenue through property taxes remains an important component in the school aid formula.

1994: Beginning in 1994, the assessable property valuation (agricultural and horticultural land at 80 percent of actual value and all other real property at 100 percent of actual value) of each school district has been determined by the Department of Property Taxation and Assessment each year. This provision "levels the playing field" and prevents a school district from receiving an unfair advantage in the school aid formula if their property valuations are at a lower level than other school districts.

1996: The Legislature enacted LB 1050 which revised the school aid formula to (1) limit the amount of income tax rebate to \$82 million, (2) change the distribution of Insurance Premium Tax dollars from per student to being included as part of the equalization aid program, and (3) created an incentive for schools that consolidate.

1997: LB 806 revised the school aid formula by eliminating the tiers created in LB 1059 (1990) and providing for only three cost groupings: sparse, very sparse, and standard. The bill also provided for allocation or calculation of the budget for Class I schools that are part of a Class VI system or are affiliated with another K-12 district, thus integrating the levy of each "system" into the levy limits of LB 1114 (1996). Finally, the bill increased the appropriation for the school aid by \$110 million.

1998: LB 149 changed school finance such that the amount of school aid to be provided by the state is to be the full amount needed to fund all calculated needs for schools, assuming the local effort rate is equal to 10 cents less the levy limit.

2002: LB 898 statutorily reduced the calculated needs of schools by about 1¼ percent for 2002-2003 through 2004-2005 to reduce school aid by about \$22 million.

2006: LB 968 changed the required level of assessment for agricultural and horticultural land from 80 percent to 75 percent of actual value for purposes of the 2006 school adjusted value, which is used in calculating school aid for 2007-2008. This change was intended to make the agricultural and horticultural land value used in the 2007-2008 school aid formula consistent with the "assessed" value of agricultural and horticultural land in 2007 which moves to 75 percent of actual value.

### **Motor Vehicles:**

1997: The Legislature passed LB 271 which changed the method for taxation of motor vehicles to a uniform, statewide tax and fee system rather than according to value. The fee is a nominal amount, generally between \$5 and \$30 and the proceeds are distributed to cities and counties based on the Highway Trust Fund dollars. The motor vehicle tax is determined from a table that begins with the manufacturers suggested retail price (MSRP) and declines each year thereafter,

using a table found in state law. Responsibility for motor vehicle taxation was shifted from the county assessor to the county treasurer.

1998: LR 45CA amended the constitution, eliminating the requirement that motor vehicle taxes be distributed to local governments in proportion to property taxes levied.

1999: LB 142 implemented part of LR 45CA by providing that the proceeds from the motor vehicle tax be distributed 60 percent to the school district where the vehicle is registered, 22 percent to the county and 18 percent to the city except in Douglas County where the city-county shares are reversed.

### **Homestead Exemption:**

1969: Homestead exemption program was created with the intent to exempt from property taxation all or a portion of the value of the residence of individuals meeting certain criteria. The original cost of the program was \$6.4 million and today the cost is approximately \$41 million.

1983: Eliminated a general homestead exemption that exempted the first \$800 of value of a homestead valued at \$4000 or more. The cost savings was \$4.7 million.

1984: LB 809 adopted a general homestead exemption of \$3000 and required property tax statements to reflect that the state was financing the exemptions. This was estimated to cost about \$18 million. However, the program was delayed and then repealed after one year. It was never implemented.

1986: LB 1268 provided for a sliding scale for homestead exemption benefits for elderly and disabled beneficiaries as income increased.

1988: LB 1105 eliminated the sliding scale of benefits for homestead exemptions and provided that those with income below the filing threshold of \$10,400 received the full \$35,000 exemption.

1989: LB 84 granted an 8½ percent reduction in property valuation or a \$5,400 general homestead exemption for 1989 only, the reductions to be financed by the state. Total cost \$114 million.

1994: LB 802 enacted significant changes to homestead exemption program: redefined household income, increased the amount of exemption, required the filing of an income statement, placed limits on the value of the home for which an exemption application is made, and implemented a sliding scale that allows partial exemption as income increase. Overall, these changes were revenue neutral.

1999: Increased the homestead exemption income eligibility amounts and expanded the definition of disability for purposes of eligibility. The cost of the expansion was \$8.8 million, pursuant to LB 179.

2004: LB 986 passed. For applications filed in 2004 and after, the definition of multiple amputees was changed for certain veterans eligible for exemption.

2006: LB 968 made changes to increase the benefits available under the homestead exemption program, effective for 2007. The exempt amount was increased from the greater of \$40,000 or 80 percent to the greater of \$40,000 or 100 percent of the average residential home value in the county. For disabled veteran beneficiaries, the exempt amount increased from the greater of \$50,000 or 100 percent to the greater of \$50,000 or 120 percent of the average residential home value. The maximum value also increased from \$95,000 or 150 percent to \$95,000 or 200 percent of the average residential home value. The maximum value for handicapped and veteran claimants also increased a comparable amount.

## 2006 LEGISLATION

---

**LB 808 contained an emergency clause and became effective April 12, 2006.**

**Section 1.** Requires a city with a tax-increment financing to provide the Property Tax Administrator with the effective date for dividing the property taxes on approved redevelopment projects. Also removes duplication of information required in the report filed with the Property Tax Administrator, by a city concerning a redevelopment project.

**Section 2.** Requires that in the case where there is not a redevelopment project valuation (assessed value) on a parcel, the county assessor shall determine the redevelopment project valuation based upon the market value of the property as of January 1 of the year prior to the year the property taxes are to be divided.

The assessor shall send written notice of value to the community redevelopment authority and the owner. Either or both parties may protest the valuation to the county board of equalization within thirty days after the date of the notice. All provisions of Neb. Rev. Stat. Section 77-1502 are applicable to a protest filed pursuant to this section with the exception of the dates for filing, the dates for the hearing and the dates for mailing the county board of equalization's decision.

The county board of equalization shall decide any protest filed pursuant to this section within thirty days after the filing of the protest. The county clerk shall mail a copy of the county board of equalization's decision to the authority or owner within seven days after the date of the decision.

Any decision of the county board of equalization may be appealed to the Tax Equalization and Review Commission pursuant to Neb. Rev. Stat. Section 77-5013, within thirty days after the date of the decision.

On August 1, 2006 and thereafter all notices for dividing the property taxes shall be sent to the county assessor on forms prescribed by the Property Tax Administrator.

**Section 3.** Requires the assessor to certify to the authority and the county treasurer, on or before August 20 the current assessed value of the real property in the redevelopment project.

**Section 4.** When the assessed valuation of the real property is less than the redevelopment project valuation the total assessed valuation will be certified to the political subdivisions and there is no excess valuation available for the redevelopment project for payment of debt financing.

The redevelopment project valuation will be reinstated when the assessed value for all real property in the project equals or exceeds the redevelopment project.

**Section 5. Operative 1/1/07.** Pertains to agricultural use zones adjacent to cities for the purpose of improvement districts for special assessments.

**Section 6. Operative 7/14/07.** Pertains to county zoning as to whether buildings on farmsteads used for residential purposes should be subject to the county's zoning regulations and permit requirements.

**Sections 7 through 23.** Pertain to the transferring of a state employee or an employee from a political subdivision to a county of a 150,000 to 300,000 population, i.e. Lancaster County.

**Section 24. Operative 1/1/07.** The recapture value on agricultural which becomes disqualified for special value is the lands actual value rather than eighty percent of the actual value.

**Section 25.** Any person whose assessor certificate has been invalidated by the Tax Equalization and Review Commission or the Property Tax Administrator is not eligible to hold a certificate for five years after the date of invalidation.

**Section 26.** Repeals from the definition of a public service entity telephones and telegraphs and inserts telecommunications.

**Section 27. Operative 1/1/07.** Defines applicant for special value as the owner or lessee and repeals the language defining agricultural and horticultural land since it is already defined in Neb. Rev. Stat. Section 77-1359.

Defines an owner as the owner of record. Repeals language pertaining to joint tenant or tenant in common.

Repeals the definition of taxpayer and removes zoning from the qualification of the land for special valuation.

**Section 28. Operative 1/1/07.** Changes levy date to July 25 for recapture purposes. Also recapture value is now at actual value rather than eighty percent of actual value.

Recapture value for disqualified property will cease to be determined after December 31, 2009.

**Sections 29 and 30. Operative 1/1/07.** Repeals all references to taxpayer and replaces with applicant for the purpose of the special valuation.

**Section 31. Operative 1/1/07.** Removes change in zoning as a disqualification of agricultural and horticultural land for special valuation.

**Section 32. Operative 1/1/07.** When the county assessor disqualifies agricultural and horticultural land that was receiving the special valuation on or before March 19, he or she shall send written of the determination to the applicant or the owner within fifteen days after the determination. The owner or applicant may protest the assessor's determination to the county board of equalization within thirty days after mailing the notice. The county board of equalization shall decide the protest within thirty after the filing of the protest with the county clerk. The county clerk shall mail written notice to the protester within seven days of the board's decision. The decision of the county board of equalization may be appealed to the Tax Equalization and Review Commission within thirty days after the date of the decision. The valuation notice on the land subject to the assessor's disqualification shall be sent on or before

June 1 pursuant to Neb. Rev. Stat. Section 77-1315. The valuation can be protested to the county board of equalization pursuant to Neb. Rev. Stat. Section 77-1502.

When the county assessor disqualifies agricultural and horticultural land after March 19 and on or before July 25, the assessor shall give a report to the county board of equalization setting forth the parcel, the reason for disqualification and the valuation of the property after disqualification. The county board of equalization may meet on June 1 through July 25 to review the report. The county board of equalization may issue written notice to the taxpayer of the disqualification and the valuation after disqualification. The taxpayer may protest either or both the disqualification or the valuation to the county board of equalization within thirty days after mailing of the notice. The county board of equalization shall decide the protest within thirty days after the filing of the protest. The county clerk shall mail written notice to the protester within seven days of the board's decision. The decision of the county board of equalization may be appealed to the Tax Equalization and Review Commission within thirty days after the date of the decision.

**Section 33. Operative 1/1/07.** Amends Neb. Rev. Stat. Section 77-1348 to reflect how the additional taxes on disqualified agricultural and horticultural land is to be collected. If land is disqualified for tax year 2007, recapture will take place for 2007, 2006 and 2005, if applicable. If land is disqualified for tax year 2008, recapture will take place for 2008 and 2007, if applicable. If land is disqualified for tax year 2009, recapture will take place for 2009 only. Starting 2010 recapture shall no longer result in additional taxes.

**Section 34. Operative 1/1/07.** Removes zoning from Neb. Rev. Stat. Section 77-1355.

**Section 35. Operative 1/1/07.** Amends Neb. Rev. Stat. Section 77-1359 to define agricultural and horticultural land as a separate class of land of which its valuation is not uniform and proportionate with other classes but shall be uniform and proportionate within the class of agricultural and horticultural land.

Agricultural and horticultural land is now defined as land used for agricultural and horticultural purposes. Agricultural and horticultural land does not include any land directly associated with buildings and enclosed structures.

Defines agricultural and horticultural purposes as land used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture. Agricultural or horticultural purposes also includes land retained or protected for future agricultural or horticultural purposes under a conservation easement, except when the parcel or a portion thereof is being used for purposes other than agricultural or horticultural purposes. Agricultural and horticultural purposes includes land enrolled in a federal or state program in which payments are received for removing such land from production.

**Section 36. Operative 1/1/07.** Amends Neb. Rev. Stat. Section 77-1363 to remove obsolete language.

**Section 37.** Requires a protest to be filed for each parcel of real property being protested. All protests must be signed.

**Section 38.** Amends Neb. Rev. Stat. Section 77-1504 to require the county board of equalization to only consider the report of the county assessor for property which is undervalued or overvalued.

Requires the county clerk to mail written notice of the board's decision to the protester within seven days after the board's decision. The notice shall contain a statement advising the protester that a report of the decision is available and that a copy of the report may be used to complete an appeal to the Tax Equalization and Review Commission.

**Section 39.** Amends Neb. Rev. Stat. Section 77-1507 to allow the county board to assess any omitted real property that was not reported to the assessor pursuant to Neb. Rev. Stat. Section 77-1318.01.

Advises the protester that a report of the county board of equalization's action is available for use to complete an appeal to the Tax Equalization and Review Commission.

**Section 40.** Amends Neb. Rev. Stat. Section 77-1843 to repeal Neb. Rev. Stat. Section 77-1515.

**Sections 41 through 45.** Pertain to the Tax Equalization and Review Commission.

**Section 46.** Amends Neb. Rev. Stat. Section 79-1016 to remove the definition of clerical error, since it is already defined in Neb. Rev. Stat. Section 77-128.

**Section 47.** Operative dates.

**Sections 48 through 52.** Repealers. Section 51 repeals the penalties for late filing of the abstract and certificate of taxes levied.

**Section 53.** Emergency clause.

**LB 968 contained an emergency clause and became effective April 6, 2006.**

**Section 1.** Pertains to the State Treasurer.

**Section 2. Operative 1/1/07.** Changes the assessed value of agricultural and horticultural land to seventy-five percent of actual value.

**Sections 3 through 11.** Pertain to sales and income taxes.

**Section 12.** Amends Neb. Rev. Stat. Section 77-3442 to keep the school levy at one dollar and five cents per one hundred dollars of taxable value.

**Section 13. Operative 1/1/07.** Changes the exempt amount for the homestead exemption for qualified claimants from eighty to one hundred percent of the average assessed value of single family residential property in the county.

Increases the exempt amount for the homestead exemption for disabled individuals and veterans from one hundred to one hundred and twenty percent of the average assessed value of single family residential property in the county.

**Section 14. Operative 1/1/07.** Increases the maximum value for applicants eligible for the homestead exemption under Neb. Rev. Stat. Section 3507 from one hundred and fifty to two hundred percent of the average assessed value for single residential property in the county.

Increases the maximum value for applicants eligible for the homestead exemption under Neb. Rev. Stat. Sections 77-3508 and 77-3509 from one hundred seventy-five to two hundred twenty-five percent of the average assessed value for single residential property in the county.

**Section 15. Operative 1/1/07.** Amends Neb. Rev. Stat. Section 77-5023 to change the range for agricultural and horticultural land from seventy-four to eighty to sixty-nine to seventy-five percent of actual value. .

**Section 16.** Amends Neb. Rev. Stat. Section 79-1016 to change the range for agricultural and horticultural land from seventy-four to eighty to sixty-nine to seventy-five percent of actual value.

**Section 17.** Operative dates.

**Sections 18, 19, 20 and 21.** Repealers.

**Section 22.** Emergency clause.

**LB 1175 contained an emergency clause and became effective April 13, 2006.**

**Section 1.** Does not pertain to property taxes.

**Section 2.** Amends Neb. Rev. Stat. Section 18-2147 to provide that if the Community Redevelopment Authority fails to provide the notice to divide the project real property tax to the assessor the taxes collected and allocated to the political subdivisions entitled thereto, shall remain as allocated for the years of failure to satisfy the notice requirement.

When the notice to divide the real property tax is provided to the assessor on or before August 1, the project real property tax from that time forward shall be divided. The division will be based upon the last certified valuation for the year prior to the effective date of the provision by the authority, to divide the tax.

**Sections 3 through 6.** Do not pertain to property taxes.

**Section 7.** Repealer.

**Section 7.** Emergency clause.

## **ADMINISTRATION OF PROPERTY ASSESSMENT AND TAXATION**

---

All property in the state of Nebraska is subject to property tax unless an exemption is mandated by the Nebraska Constitution, Article VIII, or is permitted by the Constitution and enabling legislation is adopted by the Legislature. Federal law may supersede the Nebraska Constitution with regard to taxation of property owned by the federal government or its agencies or instrumentalities. All property in the state of Nebraska, which is subject to taxation, shall be valued as of January 1, 12:01 a.m., of each year.

The assessor is responsible for valuing all real and personal property with the exception of railroads, public service entities, and specific personal property of air carrier and rail car line companies, which are assessed by the Property Tax Administrator. The valuation of real property is determined according to mass appraisal techniques, including but not limited to the following: (1) comparing sales of properties with known or recognized values, taking into account location, zoning, and current functional use; (2) income approach; and (3) cost approach. The valuation of personal property is determined using a statutory method of depreciated values similar to the Federal Modified Accelerated Cost Recovery System and 150 percent declining balance depreciation schedules. All real property is assessed at or near 100 percent of actual value, except agricultural and horticultural land is assessed at or near 80 percent of actual value, and agricultural and horticultural land receiving special valuation pursuant to section 77-1344 is assessed at 80 percent of its special value with is the value of the land for agricultural and horticultural purposes. Pursuant to 2006 Neb. Laws LB 968, beginning January 1, 2007, agricultural and horticultural land shall be assessed at or near 75 percent of actual value. Personal property is assessed at 100 percent of the net book taxable value as determined by the statutory method.

Between January 1 and March 19 of each year, the assessor updates and revises the real property assessment roll and files an abstract report with the Property Tax Administrator. Between early April and May 15 the Tax Equalization and Review Commission has the authority to adjust by a percentage the valuation of classes or subclasses of real property in any county in order to achieve equalization of property values. Decisions of the Tax Equalization and Review Commission may be appealed to the Nebraska Court of Appeals.

The assessor revises the real property assessment rolls for any orders issued by the Tax Equalization and Review Commission and notifies property owners of value increases or decreases by June 1. Individual protests of real property valuations may be made to the county board of equalization. The county board of equalization may adjust the protested value of individual properties. Decisions of the county board of equalization may be appealed to the Tax Equalization and Review Commission.

Personal property is self reported by the taxpayer, on or before May 1. If the assessor makes changes to the reported valuation a notice must be sent to the taxpayer. The action may be appealed to the county board of equalization.

On or before August 10, the Tax Equalization and Review Commission must equalize the real property of centrally assessed railroad and public service companies with the statewide level of assessment. The Property Tax Administrator certifies centrally assessed values to the counties.

On or before August 20, the assessor compiles and certifies the total taxable value (real, personal, and centrally assessed) to each local government taxing subdivision for rate setting purposes.

Each year, on or before October 15, the county board of equalization levies the necessary taxes, within the limits of the law, for operation of all functions of county government, school districts, cities, etc. The tax rates for these various local government taxing subdivision are determined by the dividing the subdivision's annual tax request by the current total taxable value within their boundaries. The tax rates are expressed as \$1 per \$100 dollars of taxable value.

Property taxes are determined by multiplying the property's taxable value by the total consolidated tax rate for the tax district in which the property is located. The tax district is comprised of various governing bodies empowered to levy property taxes for services, such as county government, school district, city, etc.

On or before November 22, the assessor transcribes the real property tax list and delivers it to the county treasurer for collection of property taxes. All real and personal property taxes, including taxes of centrally assessed railroad and public service companies, are due December 31. The first half of the tax becomes delinquent on the following May 1 and the second half becomes delinquent on September 1, except in Douglas, Lancaster, and Sarpy counties, where the first half is delinquent on April 1 and second half becomes delinquent on August 1.

### **Homestead Exemption**

The homestead exemption program was created by the 1969 Legislature. The specific requirements have been modified over the years but the main criteria is to provide local property tax relief to qualifying elderly and disabled individuals who own and live in the home for which an exemption application is made. The exemption applies to all or part of the property taxes levied against the home, with the state reimbursing local governments from general fund revenues for those taxes exempted under the program. The laws governing the homestead exemption are found in Nebraska Statutes, Chapter 77, Article 35. For more detailed information, or answers to questions about the Nebraska homestead exemption, please contact the local assessor's office or the Nebraska Department of Revenue.

## STATISTICAL TABLES

---

### Notes regarding statistical tables:

- (1) The data sources for the statistical tables are the Certificate of Taxes Levied Report and the County Abstract of Assessment Report.
- (2) Property taxes levied includes homestead exemption tax loss.
- (3) Property taxes levied excludes taxes levied on redevelopment or enhanced value of community redevelopment projects using tax increment financing (TIF). See report to the Legislature for redevelopment projects, published on March 1 of each year.
- (4) The state total valuations and property taxes levied for the years 1967 through current are listed in Table 1. Tax policy changes that affect the valuation or tax are explained in a previous section of the annual report, e.g. 1997 motor vehicles are no longer taxed based on a value. Also listed in Table 1 are the state total property tax amounts, mill levies, and average statewide property tax rates for applicable years. Payments in lieu of tax made by public power districts and other in lieu of tax payments are not included in total taxes.
- (5) Assessment levels for property:
  - i) for 1920 and prior years, property was assessed at 20 percent of its actual value;
  - j) from 1921 to 1952, property was assessed at its actual value;
  - k) from 1953 to 1955 property was assessed at 50 percent of its actual value;
  - l) in 1956 and 1957 property was assessed at 50 percent of its base value;
  - m) from 1958 to 1980 property was assessed at 35 percent of its actual value;
  - n) from 1981 to 1991 property is assessed at 100 percent of actual value;
  - o) from 1992 to 2006 property is assessed at 100 percent of actual value, with the exception of agricultural and horticultural land which is assessed at 80 percent of actual value. For 2007, agricultural and horticultural land will be assessed at 75 percent of actual value.
- (6) Example; years 1967 to 1980, tax rates were expressed as mills per one-thousand dollars of value.

Property market value	100,000
Assessment level	35%
Assessed value	35,000
Mill levy 55.925	
or 55.925/1000	.055925
Calculated Taxes	\$ 1,957.38

- (7) Example; years 1981 to current, tax rates are expressed as rates per one-hundred dollars of value.

Property market value	100,000
Assessment level	100%
Assessed value	100,000
Tax Rate 1.9574	
or 1.9574/100	.019574
Calculated Taxes	\$ 1,957.40

(8) Example for converting a mill levy to a tax rate:

Mill levy multiplied by assessment level divided by 10.

55.925 (mill levy) multiplied by .35 (assessment level) divided by 10 (converted to \$100 per value)  
equals a tax rate of 1.9574

(9) In Lieu Taxes, Table 21. In Nebraska, every public corporation and political subdivision of the state that is primarily organized to provide electricity or irrigation, and which sells electricity at retail to incorporated cities and villages, makes payments in lieu of property taxes. The payments are equivalent to 5 percent of the gross revenue derived by the power district, plus a fixed amount based on the 1957 levies. Other in lieu of tax payments are also reported for game and parks pursuant to Neb. Rev. Stat. §37-335, housing authorities pursuant to Neb. Rev. Stat. §71-1590, hospitals pursuant to Neb. Rev. Stat. §77-211, and community redevelopment authorities pursuant to Neb. Rev. Stat. §18-2137.

## **Definitions of property type class/subclass reported in the annual report statistical tables:**

**Unimproved** - land without buildings or structures.

**Improved** - land upon which buildings are located.

**Improvements** - buildings or structures.

**Residential/single family** - all real property predominantly used or intended to be used as a dwelling place or abode whether occupied by the owner, tenant or lessee, and where occupancy is for a period of time usually year-round as opposed to a transitory occupancy by a single family or two families.

**Commercial** - all real property predominantly used or intended to be used for commerce, trade, or business. For purposes of reporting, multi-family dwellings predominantly used for occupancy by more than two families, are summarized with the commercial property type.

**Industrial** - all real property predominantly used or intended to be used for the process or manufacture of goods or materials.

**Recreational** - all real property predominantly used or intended to be used for diversion, entertainment, and relaxation on an occasional basis. Some of the uses would include fishing, hunting, camping, boating, hiking, picnicking, and the access or view that simply allows relaxation, diversion and entertainment.

**Mineral (interests)** - an ownership interest of any minerals, mines, quarries, mineral springs, overriding royalty interest and production payments with respect to oil and gas leases. The minerals category includes both producing and non-producing interests.

**Home site** - land within a residential, recreational, commercial or industrial parcel, which is used or intended to be used for residential purposes. For purposes of reporting, home site land is summarized with the parcel's predominant property type or use.

**Farm home site land** - one acre or less of land that is contiguous to farm site and upon which is located a residence and necessary improvements needed for residential purposes.

**Farm site land** - the portion of land contiguous to land actively devoted to agriculture which includes improvements that are agricultural or horticultural in nature, including any uninhabitable or unimproved farm home site. Farm site land shall not be classified as agricultural or horticultural land and shall not include any home site land.

**Agricultural** - agricultural or horticultural land means a parcel of land which is primarily used for agricultural or horticultural purposes. Agricultural or horticultural purposes means used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture.

**Exempt** - property that receives an exemption from property tax, i.e. governmentally exempt or permissive exemptions such as religious, charitable, educational, etc.

**Centrally assessed** - property valued by the state for property tax purposes. The centrally assessed property information in the statistical tables of this report reflects "operating property" of railroads and public service entities, except for Table 22 which reflects data for car line companies and air carriers.

**Personal Property** - depreciable tangible personal property which is used in a trade or business or used for the production of income and which has a determinable life of longer than one year. Personal property net book value is determined pursuant to Nebraska's statutorily defined adjusted basis multiplied by the appropriate depreciation factor.

1 From 1967 to 1980 Nebraska used mill levies. The mill levies have been adjusted to compare with average state-wide tax rates.

2 1981 Assessment level changed from 35 percent of actual value to 100 percent of actual value (LB 187 passed 1979).

3 1997 value excludes motor vehicle pursuant to 1997 NEB Laws LB 271.

NOTES:

[1] MV taxes isolated due to different tax policy; for years 1992-1996 motor vehicle is part of taxes levied; for years 1997 to current motor vehicle is a tax & fee basis per statute change;

1997 to current year MV Tax & Fee information based upon budgeted amounts per State Auditor's office and information from Dept. of Motor Vehicle DMV

1997 to current year School Portion of MV estimated at 60% of tax w/o fee based upon budgeted amounts for schools per State Auditor's office and information from Dept. of Motor Vehicles DMV

[2] NET local tax relief excludes homestead exemption and property tax credit amounts, as these amounts are included in taxes levied.

[3] Total local education tax relief includes state aid for K-12 schools (TEEOSA) and all other forms of education aid (e.g. special education).

## Table 12 School Systems 2006-2007 Cumulative Totals

### Reference for Class of School Districts:

---

**Class 2 (grades K-12)** includes any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board.

---

**Class 3 (grades K-12)** includes any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board.

---

**Class 4 (grades K-12)** includes any school district embracing territory having a population of one hundred thousand or more inhabitants with a city of the primary class (city population 100,001-299,999) within the territory of the district that maintains both elementary and high school grades under the direction of a single board.

---

**Class 5 (grades K-12)** include any school district embracing territory having a city of the metropolitan class (city population 300,000 or more) within the territory of the district that maintains both elementary grades and high school grades under the direction of a single board.

---

**UNIFIED SCHOOL.** A unified school system allows for two or more Class 2 or 3 school districts to combine their resources to provide a K-12 education. The unified system is an interlocal agreement between the participating K-12 school districts.

**ENDNOTES:**

1. Med. indicates the Median. The median is a measure of central tendency. The value of the middle item in an uneven number of items arranged according to size; the arithmetic average of the two central items in an even number of items. The acceptable ratio range for the median indicated level of value (also known as the "Assessment-Sales Ratio") for the Residential and Commercial Classes of real property is between 92% and 100% of actual or fair market value. The acceptable ratio range for the agricultural class of real property which receives "special valuation" pursuant to Neb. Rev. Stat. §77-1344 is between 92% and 100% of "special valuation," and between 92% and 100% of "recapture valuation." The acceptable ratio range for the special value subclass of the agricultural class of real property is therefore 74% to 80% of the uninfluenced agricultural value. The acceptable ratio range for the recapture value subclass of the agricultural class of real property is therefore 74% to 80% of the actual or fair market value. The acceptable ratio range for the Agricultural Class of real property is between 74% and 80%.

2. The Coefficient of Dispersion ("COD") is a tool used under professionally accepted mass appraisal methods to measure the uniformity of assessments. The COD is the average absolute deviation from the median stated as a percentage. The COD is calculated by dividing the average absolute deviation by the median assessment/sales price ratio and multiplying by 100 to convert the ratio to a percentage. The acceptable range for the COD shall be: for residential real property 15.0% or less, for agricultural land 20.0% or less, for commercial and industrial property 20.0% or less, and for vacant land and other property classes 20.0% or less.

3. The Price Related Differential ("PRD") is a tool used under professionally accepted mass appraisal methods to determine whether properties of differing values are treated uniformly. The Price Related Differential may indicate assessment bias and inequity between lower valued properties and higher valued properties. A PRD that is under 1.00 indicates higher valued properties are valued at a higher assessment level than lower valued properties. When the PRD is over 1.00 it indicates lower valued properties are valued at a higher level than higher valued properties. The acceptable range for the Price Related Differential shall be .98 to 1.03.

4. The level of assessment for the special value of the agricultural and horticultural land class of real property subject to special valuation and its subclasses was determined through an income based methodology developed by the Property Tax Administrator pursuant to Neb. Rev. Stat. §77-1327 (4) (Supp. 2005).

5. The Department of Property Assessment and Taxation liaison for Hayes County testified that the level of value for residential property in the County indicated by the median in the revised statistical report for residential real property as submitted by the Property Tax Administrator was not representative of the level of value of the residential class of real property in Hayes County, that the level of value of residential property could not be reliably determined, and that the level of value after any proposed adjustment could not be reliably determined.

6. The assessor appeared with her appraiser before the Commission and presented evidence which demonstrated that an adjustment to the Agricultural Land and Horticultural Land class of real property subject to Special Value, or any of its subclasses, including but not limited to Market Area 3 and Market Area 4, as proposed would not improve the equalization of assessments in Scotts Bluff County.
