**PROPERTY ASSESSMENT DIVISION**

**2010 ANNUAL REPORT**

**PREFACE**

This is the **twelfth** annual report published for the Property Assessment Division (PAD), pursuant to Neb. Rev. Stat. [§ 77-709](#). The [Property Assessment Division Annual Reports](#) from 1999 to present are available online. For years 1996 to 1998, summary information of property tax data is included in the [Department of Revenue's Annual Reports](#).

This annual report provides interested citizens with information about property valuations, tax rates, and taxes levied for local governments. Summary information for the current tax year and historic data for the state are provided in this report.

This information should be viewed as source material. Although every attempt for accuracy is made, this report should not be viewed as a substitute for independent research or as a legal document in place of an attorney's opinion.

A sincere thank you is extended to all Nebraska assessors for their efforts in reporting data which serves as the basis for much of this annual report.

The Property Assessment Division appreciates any comments that you may have regarding the format, content, and usefulness of the information in this annual report.

## **Purpose of the Property Assessment Division**

---

The purpose of the Nebraska Department of Revenue Property Assessment Division (Division)<sup>1</sup> is to develop information, in various formats, that assists the administrators, payers, and beneficiaries of the property taxes to make informed decisions concerning the quality of the assessment function of the property tax system in Nebraska. The assessment function for nine counties was assumed by the Division beginning in July 1998. In 2009, legislation passed that will transfer the nine state assessment offices back to the counties by June 30, 2013.

The Division, directed by the Property Tax Administrator,<sup>2</sup> is statutorily created and governed by the Nebraska Constitution and statutes. Its functions include, but are not limited to, the following:

- To provide legal, policy, and assessment information through regulations, rulings, directives, standards, manuals, and education to county assessors and other assessing officers to ensure the uniform execution of the property tax laws.<sup>3</sup>
- To administer the assessment function in counties which have transferred that responsibility to the Property Tax Administrator.<sup>4</sup>
- To provide advice concerning the assessment of real property to ensure the uniform and proportionate valuation of real property.<sup>5</sup>
- To provide information to the property owner concerning the level of value and quality of the assessment of real property in each county.<sup>6</sup>
- To determine the assessable valuation of all taxable property in each school district for purposes of the Tax Equity and Educational Opportunities Support Act.<sup>7</sup>
- To value and distribute the value of property required to be valued by the state, such as railroad companies, public service entities, car companies, and air carriers.<sup>8</sup>
- To administer the assessment administrative program for contracted counties.<sup>9</sup>
- To determine the appraised value for the public sale of educational lands.<sup>10</sup>
- To administer the Homestead Exemption Program.<sup>11</sup>
- To administer the Documentary Stamp Tax Program.<sup>12</sup>
- To determine the eligibility for exemption of certain personal property subject to compliance with the Employment and Investment Growth Act (LB 775) and the Nebraska Advantage Act.<sup>13</sup>

## **Sections within the Property Assessment Division**

---

### **Property Tax Administrator**

The Property Tax Administrator is the chief executive officer of the Property Assessment Division (PAD) of the Department of Revenue. The qualifications and duties of the Property Tax Administrator are established by statute. *See* Neb. Rev. Stat. §§ [77-701](#) and [77-702](#). The Property Tax Administrator is appointed by the Governor, with the approval of a majority of the members of the Legislature, and serves under the general supervision of the Tax Commissioner.

### **Policy/Legal**

The Policy/Legal Section is responsible for all legal matters for PAD. There is one attorney and Tax Specialist Seniors that provide policy functions such as:

- Summaries of legislation;
- Regulations;
- Correspondence;
- Coordination of education for assessor's certification;
- Promulgation of the Nebraska Assessor Reference Manual;
- Information guides/brochures; and
- Other associated duties.

This Section is responsible for specific statutory duties, including:

- Valuation of state assessed property (railroad companies, public service entities, car companies, and air carriers);
- Distribution of car company and air carrier taxes;
- Administration of the homestead exemption and documentary stamp tax programs;
- Preparation of the Tax Increment Financing Annual Report;
- Determination of the appraised value for the public sale of educational lands;
- Determination of the eligibility for exemption of certain personal property subject to compliance with the Employment and Investment Growth Act (LB 775) and the Nebraska Advantage Act;
- Annual certification of school adjusted valuation used in state aid calculations;
- Administrative reports filed by counties for data collection of valuation and property tax information; and
- Preparation of the PAD Annual Report.

### **Information Technology**

The Information Technology Section is responsible for the computer environment and providing advice and assistance to all PAD staff on the utilization of the programs used by PAD. This section includes electronic transfers, data entry, troubleshooting, and technology issues.

## **Measurement**

The Measurement Section is responsible for ascertaining the level of value and quality of assessment of all real property in the state. This section works directly with county officials and provides advice and guidance on all issues of the assessment process, with particular focus on the assessment of real property.

This Section develops the sales file that is used throughout the assessment process, including:

- Determining the adjusted valuation for school districts;
- Information for the Reports and Opinions of the Property Tax Administrator provided to the Tax Equalization and Review Commission; and
- Valuation information for use by the county assessors.

The sales file is a statutorily required database containing sales of real property for use in valuation and measurement. The employees in this Section, Field Liaisons, have offices throughout the state, and are readily available to assist in the counties. The Field Liaisons work with the county assessors on analysis of sales information and assessment practices and procedures.

## **Assessment**

The Assessment Section is responsible for performing the assessment function in counties where the assessment function has been assumed. The assessment function for nine counties was assumed by PAD beginning in July 1998. In 2009, legislation was passed that will transfer the state assessment offices back to the county by June 30, 2013. Currently, there are eight state assessment offices in Dakota, Dodge, Garfield, Greeley, Harlan, Hitchcock, Keith, and Saunders. While the process for managing the assessment office is fairly unchanged as a result of the state assumption, PAD's philosophy regarding the assessment and appraisal function is different from that of an individual county. There are assessment and appraisal staff that are shared among the assumed counties. Sharing these resources allows for a more efficient allocation of resources. While some of the counties are large and active enough to justify their own assessment or appraiser staff, some of the counties are small enough to share the assessment and appraisal staff since they are in close proximity to each other.

## **Property Tax History**

---

Since the beginning of Nebraska's statehood, property tax has been a major source of state and local operating revenue. This tax was initially adopted by the Territorial Legislature in 1857. The growing need for public services and changes in economic structure caused property taxes to steadily increase. This in turn prompted the necessity for relieving property taxes and providing new sources of revenue.

In November 1966, approval of a constitutional amendment abolished "state" property taxes. Also, the Legislature repealed the head and poll taxes, the tax on intangible property, the tax on household goods, and certain miscellaneous personal property taxes. In order to replace lost revenues, the Legislature adopted two broad-based taxes in the Revenue Act of 1967: the state sales and use tax and the income tax. In addition to replacing lost state revenue, a portion of the sales and income tax monies were designated to finance state aid programs. At that time, \$35 million was designated annually for aid to school districts. An additional \$10 million each year was distributed to cities and counties to replace lost revenues due to the elimination of intangible property, household goods, and personal effects from the property tax base.

In 1969, the Homestead Exemption Act was passed to provide property tax relief to certain owners of residential property. It provided for an exemption of \$800 of actual value for residences valued at \$4,000 or more. The homestead exemption benefits have been changed over the years and currently provide for an exemption of all or part of real property taxes, for individuals over 65 with limited income, veterans, and individuals with certain disabilities.

Since 1967, "local" units of government have exclusively levied property taxes. In 2008, Nebraska's local governments levied approximately \$2.876 billion in property taxes. In addition, for fiscal year 2009-2010, there is approximately \$1.379 billion in local tax relief (state aid) appropriated for local governments (see statistical Table 3B and 3C).

Over the years, the property tax structure in Nebraska has changed as the Legislature has addressed various economic concerns. Property tax remains primarily a tax on real property, but changes have been made in the classification of property, as well as the level of assessment at which property is taxed. [Nebraska's Constitution, Article VIII, Section 1](#), requires uniformity and proportionality both as to the rate and the valuation.

Social and economic trends continue to impact Nebraska citizens' views on all taxes and state aid programs. Meanwhile, the payers and recipients of taxes share in the benefits of public schools, roads, law enforcement, and a number of other public facilities and programs.

## **Summary of Legal/Legislative Actions**

---

### **General Overview:**

The Nebraska Constitution, Article VIII, sets out the general principles upon which the property tax system is built. Specifically, section 1, subsection (1), states, “Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this constitution.” The Constitution further defines different principles for real property and personal property and provides for exemptions and preferential valuations.

### **Real Property:**

Nebraska Constitution Article VIII, section 1, subsection (1), directs that the property taxes imposed on real property shall be based upon valuations that are uniform and proportionate. However, for agricultural and horticultural land, section 1, subsection (4), provides that valuations need not be uniform and proportionate with other classes of real property, but must be uniform and proportionate upon all property within the class of agricultural and horticultural land. Classification changes are addressed in the following sections for agricultural and horticultural land and personal property. Over time, changes have also been made in the level of assessment at which property is taxed, as follows:

- a) For 1920 and prior years, property was assessed at 20 percent of its actual value;
- b) From 1921 to 1952, property was assessed at its actual value;
- c) From 1953 to 1955, property was assessed at 50 percent of its actual value;
- d) For 1956 and 1957, property was assessed at 50 percent of its base value;
- e) From 1958 to 1980, property was assessed at 35 percent of its actual value;
- f) From 1981 to 1991, property was assessed at 100 percent of actual value;
- g) From 1992 to 2006, property was assessed at 100 percent of actual value, with the exception of agricultural and horticultural land which was assessed at 80 percent of actual value;
- h) From 2007 to current, agricultural and horticultural land has been assessed at 75 percent of actual value.

### **Agricultural and Horticultural Land:**

1972: Constitutional amendment, Article VIII, section 1, subsection (5); Legislature is authorized to enact laws providing for the valuation of land actively devoted to agricultural or horticultural uses based on its agricultural or horticultural use without regard for other purposes and uses. Subsequently, the Legislature authorized special valuation.

1984: *Kearney Convention Center v. Board of Equal.*, 216 Neb. 292, 344 N.W.2d 620 (1984). Commercial property owners requested that their valuation be equalized with agricultural land which was assessed at a lower level of value.

1984: Constitutional amendment, Article VIII, section 1, subsection (4); agricultural land is defined as a separate and distinct class and authorized the use of any different approach to value agricultural land.

- h) From 2007 to current, agricultural and horticultural land has been assessed at 75 percent of actual value.

### **Agricultural and Horticultural Land:**

1972: Constitutional amendment, Article VIII, section 1, subsection (5); Legislature is authorized to enact laws providing for the valuation of land actively devoted to agricultural or horticultural uses based on its agricultural or horticultural use without regard for other purposes and uses. Subsequently, the Legislature authorized special valuation.

1984: *Kearney Convention Center v. Board of Equal.*, 216 Neb. 292, 344 N.W.2d 620 (1984). Commercial property owners requested that their valuation be equalized with agricultural land which was assessed at a lower level of value.

1984: Constitutional amendment, Article VIII, section 1, subsection (4); agricultural land is defined as a separate and distinct class and authorized the use of any different approach to value agricultural land.

1985: LB 271, effective for 1986, adopted a method to value agricultural land according to a formula based on earning capacity. Income streams were averaged by county and the capitalization rate was fixed in statute. Earning capacity is not similar to the income approach to value as used in professionally accepted appraisal practices.

1987: Banner County v. State Bd. of Equal., 226 Neb. 236, 411 N.W.2d 35 (1987). While the constitution stated that agricultural land was a separate and distinct class of property, the constitution still required that all real and tangible personal property values be uniform and proportionate. Using the earning capacity formula to value agricultural land would have been allowable if the resulting values had been correlated to be proportionate with all other real and tangible personal property.

1989: LB 361 changed the assessment of agricultural and horticultural land so that the results could be adjusted to be uniform across county lines.

1990: Constitutional amendment was passed that defined agricultural land as a separate class of real property and removed from the uniform and proportionate clause, meaning that it need not be uniform and proportionate with OTHER CLASSES of property. However, the values of agricultural land must be uniform and proportionate within the class of agricultural land.

1991: In response to Banner County v. State Bd. of Equal., LB 404 was passed, which froze agricultural and horticultural values for tax year 1991 at the 1990 value, to give time to respond to the case. LB 320 was also passed, effective for 1992, which changed the assessment of agricultural land so that the capitalization rate used to set value is market derived. The capitalization rate was increased 25 percent so that the resulting values from the income calculation correlate to 80 percent of market value.

1992: LB 1063 required agricultural land to be valued at 80 percent of actual or market value. All other real property is valued at 100 percent of actual or market value.

2000: Bartlett v. Dawes County Board of Equal., 259 Neb 954, 513 N.W.2d 810 (2000). The Supreme Court ruled that the Tax Equalization & Review Commission could not adjust by market area to achieve inter-county equalization because market areas were not defined as a class or subclass under the statutes.

2001: In response to the Bartlett case, LB 170 provided a definition of class or subclass of real property as a group of properties that share characteristics not shared by those outside the class or subclass. The classification may be based on parcel use, parcel type, location, geographic characteristics, zoning, city size, parcel size, and market characteristics that affect market value.

2002: LB 994 required the Property Tax Administrator to prepare and issue a comprehensive study to determine the level of value of agricultural and horticultural land that is receiving special valuation.

2005: LB 261 eliminated the agricultural and horticultural land valuations boards and the land manual areas beginning January 1, 2006.

2006: LB 808 modified the special valuation (greenbelt) provisions of Nebraska law and made a number of procedural changes, effective January 1, 2007. Generally, the changes narrowed the

availability of special value, but the bill also eliminated agricultural zoning as a requirement for special value and phased out the requirements of recapture over three years. Under LB 808, agricultural and horticultural land means that an entire parcel must be primarily used for agricultural or horticultural purposes. Agricultural or horticultural purposes means that the property is used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture.

2006: LB 968 decreased the assessment percentage for agricultural and horticultural land from 80 percent to 75 percent of actual value beginning January 1, 2007.

2008: LB 777 redefined agricultural and horticultural land, effective January 1, 2009. These changes were made in response to issues that developed following the implementation of LB 808 in 2007. LB 777 amended Neb. Rev. Stat. §77-1359 so that any land associated with any building or enclosed structure located on a parcel will not be considered agricultural and horticultural land. However, the remaining land on the parcel after the exclusion of the land associated with the buildings must be primarily used for agricultural and horticultural purposes in order to be valued as agricultural and horticultural land.

### **Personal Property:**

1967: After the November 1966 vote which changed the Constitution, the Legislature repealed the head and poll taxes, exempted household goods, clothing and other personal items, and exempted intangible personal property such as stocks, bonds and certificates of deposit.

1970: A constitutional amendment gave approval to the Legislature to classify and exempt personal property.

1972-1974: The Legislature partially exempted from taxation agricultural income-producing machinery and equipment; business inventory; livestock; grain and seed; and poultry, fish and fur-bearing animals. The Legislature provided for a 12.5 percent exemption of actual value for calendar year 1973. The exemption increased by 12.5 percent each year until a total of 62.5 percent was exempt in 1977. Political subdivisions were reimbursed for the tax revenue loss resulting from these exemptions. In 1974, the Nebraska Supreme Court ruled that personal property tax exemptions were constitutional, *Stahmer v. State*, 192 Neb. 63, 218 N.W. 2d 893 (1974).

1977-1981: The Legislature completely exempted from taxation the classes of personal property that had been partially exempted except business inventory and livestock, which were fully exempted in calendar year 1978. The Legislature appropriated \$58.6 million as personal property relief to reimburse local governments for the losses resulting from these exemptions. Business inventories became totally exempt for calendar year 1979 and a reimbursement of \$62.2 million was appropriated for fiscal year 1979-1980. Livestock became totally exempt in calendar year 1980 and a reimbursement of \$70 million was appropriated for fiscal year 1980-1981.

1982: The Legislature eliminated the Personal Property Tax Relief and the Government Subdivision Fund. LB 816 provided for the distribution of aid to community colleges, natural resource districts, incorporated municipalities, counties, and for aid to school districts from the School Foundation and Equalization Fund.

1985: The Employment and Investment Growth Act (LB 775) was enacted by the legislature and provided new economic development incentives and benefits such as sales tax exemption of manufacturing machinery and equipment, income tax credits, and exemption of personal property tax for qualifying equipment.

1986: Car line companies began requesting that their personal property be equalized with all personal property, *Trailer Train Company v. Leuenberger*, 885 F.2d 415 (8<sup>th</sup> Cir. 1988), *aff'g*, CV87-L-29 (D. Neb. 1987). Citing protection under the 1976 Federal Railroad Revitalization and Regulatory Reform Act (4-R Act), the car line companies argued that since much of the personal property in Nebraska was exempted from taxation by the Legislature (inventory, agricultural machinery and equipment, earth-moving equipment, etc.), their personal property was being taxed to a greater degree than other personal property in Nebraska. The 8<sup>th</sup> Circuit Court of Appeals ruled that the Nebraska property tax on personal property of car companies violated the 4-R Act. The State was prohibited from collecting property tax on car companies.

1987: Railroads filed suit against Nebraska arguing that the property tax on railroad personal property violated the 4-R Act. The litigation was settled in 1989, before reaching trial, resulting in the railroad companies paying tax on 25 percent of their value attributed to personal property for 1987, 1988, and 1989.

1988: LB 1091 created a one-time appropriation to reimburse local governments for any losses attributable to the railroad's 4-R Act litigation that exceeded one percent of expected property tax dollars. After line item vetoes and partial overrides, the amount appropriated to the fund from the Cash Reserve Fund totaled \$7.7 million.

1988-1990: Centrally assessed companies such as pipelines, telecommunications, and airlines appealed to the State Board of Equalization requesting equalization of their personal property with the exempt property of car companies and railroads. The companies were denied by the State Board and appealed to the Nebraska Supreme Court based on the Nebraska constitutional requirement of uniform and proportionate values for the levy of property taxes.

1989: The Nebraska Supreme Court ruled in favor of four pipeline companies for the 1988 tax year, and the State Board equalized their personal property value to zero. In July 1991, the Nebraska Supreme Court ruled on the tax year 1989 equalization requests of centrally assessed companies. The court found that equalization was not an appropriate remedy. All previous personal property exemptions were declared unconstitutional, effectively overturning the 1974 decision allowing personal property exemptions. As a result of the court's decision on the 1989 cases the State Board reduced the 1990 certified values of the appealing centrally assessed companies by 18.81 percent. See *Northern Natural Gas Co. v. State Bd. of Equalization and Assessment*, 232 Neb. 806 (1988) and *Trailblazer v. State Board of Equalization and Assessment*, 232 Neb. 823 (1989).

1991: LB 829 exempted all personal property from property tax for 1991 only and reimbursed local governments for the loss using a series of revenue-raising proposals including a depreciation surcharge, a temporary reduction in the sales tax collection fee, extending the sales tax to manufacturing energy, and a one-year increase in the corporate occupation tax. The total cost was \$120 million.

1992: Constitutional amendment LR 219CA was adopted and removed personal property from the uniform and proportionate clause of the constitution. It authorized personal property to be either taxed on actual value or net book value while allowing reasonable classifications to be exempt, and set apart a classification for the properties of entities that are protected by federal law, such as railroads. The Legislature passed LB 1063 and the "net-book" concept of taxing depreciable tangible personal property was adopted, rather than taxing personal property based on actual value.

1993: The Nebraska Supreme Court ruled on the appeal of the State Board of Equalization and Assessment's action which reduced the 1990 certified values of the appealing centrally assessed companies by 18.81 percent. The court upheld the State Board of Equalization's remedy which was to refund the difference in tax the appellants would have been required to pay if all of the exempt property in question had been placed on the tax rolls and taxed. *See MAPCO Ammonia Pipeline, Inc. V. State Bd. Of Equalization and Assessment*, 242 Neb. 263 (1993).

1994: LB 961 exempted livestock from the personal property tax.

2005: LB 312, the Nebraska Advantage Act, was passed, providing new economic development incentives and replaced Employment and Investment Growth Act (LB 775 1985). Benefits include sales tax exemption of manufacturing machinery and equipment, income tax credits, and exemption of personal property tax for an investment of at least \$10 million and the hiring of at least 100 new employees. Eligible personal property includes certain aircraft, main frame business computers for business information processing, depreciable personal property used for distribution facilities to store or move products, and depreciable personal property in a single project if the personal property is involved directly in the manufacture or processing of agricultural products.

2007: LB 334 modified definitions to exclude trade fixtures from the definition of real property. Trade fixtures are now defined as personal property.

2008: LB 1027 provided a personal property exemption for agricultural and horticultural machinery and equipment utilized by a qualified beginning farmer or livestock producer in their operation. The beginning farmer must be certified by the Department of Agriculture and apply for the personal property exemption with the county assessor on or before December 31 in the year preceding the exemption. The beginning farmer must file their personal property return on or before May 1, and if the exemption application is approved, the county assessor may exempt taxable agricultural machinery and equipment up to a maximum of \$100,000 in any one year. A properly granted exemption will continue for period of three years if a personal property return is filed on or before May 1 of each year.

2010: LB 1048 exempted property used directly in the generation of electricity using wind as the fuel source from property taxes. Instead of a property tax, wind energy producers shall pay a 'nameplate capacity tax' which is a tax of \$3,518 per megawatt or fraction thereof. The Department of Revenue enforces reporting and collecting of the nameplate capacity tax. All proceeds from the nameplate capacity tax are paid to the county treasurer of the county where the facility is located. The county treasurer distributes the proceeds of the nameplate capacity tax using the same allocation formula used to distribute property taxes to the political subdivisions in the tax district(s) in which the wind energy facility is located.

### **Other Property “Assessment Structure” Changes:**

1995: LB 490, effective for 1996, changed the property assessment calendar so that statewide equalization was completed before property valuation notices are sent to individuals. An individual may then protest his or her property valuation to the county board of equalization.

1995: LB 490, effective for 1996, created the Tax Equalization and Review Commission to replace the State Board of Equalization and Assessment for purposes of equalization of property valuations. In addition to its constitutional statewide equalization duties, the Commission replaced the district court for the purpose of hearing individual appeals from decisions of the Property Tax Administrator, Department of Motor Vehicles, or the county board of equalization involving the valuation and taxation of property. Commissioners are appointed by the Governor and serve six-year terms.

1995: LB 490, effective for 1996, established acceptable ranges for the level of value for each class of property for purposes of the Tax Equalization and Review Commission’s statewide equalization of real property. The acceptable ranges for the level of value were then 74 to 80 percent of actual value for agricultural land and 92 to 100 percent for all other real property.

1995: LB 490, effective for 1996, also created the position of Property Tax Administrator as a statutory position to oversee the Property Tax Division of the Department of Revenue. The powers and duties of the Tax Commissioner relating to valuation and taxation of property were transferred to the Property Tax Administrator. The Property Tax Administrator is appointed by the Governor and approved by the Legislature to serve a six-year term.

1997: LB 269, effective July 1, 1998, gave the county board authority to vote by resolution to have the Property Tax Administrator assume the county assessment function. The state would become fiscally responsible for the assessment functions in that county. The county assessor and employees of the assessor’s office in those counties became state employees. Currently, nine out of 93 counties have turned the assessment function over to the state.

1998: LR 45CA placed four separate constitutional amendments on the 1998 general election ballot as follows: (1) strike the requirements that motor vehicle taxes be distributed to local governments in proportion to property taxes levied, (2) provide for the merger or consolidation of cities and counties, (3) limit the property tax exemption for government property to property used for a public purpose, and (4) strike all references to townships in the Constitution. The first three amendments succeeded while the fourth failed.

1999: LB 36, 1999 First Special Session, made the former Property Tax Division of the Department of Revenue a separate agency called the Department of Property Assessment and Taxation, directed by the Property Tax Administrator.

2001: LB 271 passed in 1999 and implementation was delayed until 2001. Beginning January 1, 2001, property of the state and its governmental subdivisions that is not used or not being developed for a public purpose is taxable, based on Constitutional Amendment to Article VIII, section 2, subsection (1). Previously, all governmentally owned property, no matter how used, was exempt from property taxation.

2003: Following the implementation of LB 271, a number of political subdivisions took issue with the taxation of property and appealed the taxability of certain governmentally owned property. In 2003, both the Nebraska Supreme Court and Nebraska Court of Appeals issued decisions on this issue. See, City of Alliance v. Box Butte Cty. Bd. of Equal., 265 Neb. 262 (2003), Brown Cty. Ag. Society v. Brown Cty. Bd. of Equal., 11 Neb. App. 642 (2003), City of York v. York Cty. Bd. of Equal., 266 Neb. 297 (2003) [York I], City of York v. York Cty. Bd. of Equal., 266 Neb. 305 (2003) [York II], and City of York v. York Cty. Bd. of Equal., 266 Neb. 311 (2003) [York III]. Although each case deals with a separate factual situation, it appears that the courts have taken a fairly expansive view of what constitutes a “public purpose” under LB 271. If, for example, the political subdivision is authorized to use its property in a particular way, that use constitutes a public purpose for the purposes of being exempt from property taxes, even if the property is also being used for an ongoing nonpublic use. Further, if a public purpose is advanced by the ownership of the property by the political subdivision, that use will be deemed to predominant, even if there is another, ongoing nonpublic use being made of the property. The courts did not specifically address the question of whether the mere generation of proceeds for the political subdivision through the use of its property would be sufficient to maintain the exempt status of the property.

2005: LB 66 passed which provides for a valuation preference rather than a complete exemption for historically significant real property that has been renovated or rehabilitated. The law limits the preference to properties deemed “historically significant” as opposed to any real property over a certain age. There is an application and approval process with the State Historical Preservation Officer (SHPO) for the real property to be deemed historically significant and revolves around the National Register of Historic Places. A “preliminary certificate” must be obtained and is the step that sets the “base value” for the property. When the work on the real property is complete, a certificate of rehabilitation is issued and the property is to be assessed at no more than its base value for eight years. In years 9-11, market value is increased incrementally until at the beginning of year 12, the value for the property is at actual value. The valuation benefit only applies to real property for which a final certificate of rehabilitation has been issued (by the SHPO) after January 1, 2006.

2006: LB 968 decreased the assessment percentage for agricultural and horticultural land from 80 percent to 75 percent of actual value beginning January 1, 2007. For purposes of the Tax Equalization and Review Commission’s statewide equalization of agricultural and horticultural land, the acceptable range for the level of value was changed to a range of 69 percent to 75 percent.

2007: LB 334 merged the Department of Property Assessment and Taxation with the Department of Revenue and established a Property Assessment Division. The legislation amended more than 150 sections of statutes to strike references to the former Department of Property Assessment Division and Property Tax Administrator and replaced them with references to the Department of Revenue and Tax Commissioner. The Property Assessment Division is directed by the Property Tax Administrator, who is appointed by the Governor, with the approval of a majority of members of the legislature. The Property Tax Administrator serves under the general supervision of the Tax Commissioner.

2007: LB 334 required county assessors to review properties on a cycle to assure that all parcels have been inspected and reviewed at least every six years.

2008: LB 965 amended Neb. Rev. Stat. [§ 76-214](#) so that beginning January 1, 2009, the Real Estate Transfer Statement, Form 521, became a single part form, rather than a multi-part form. The Real Estate Transfer Statement, Form 521, is required to be filed with the Register of Deeds when a deed to real estate, memorandum of contract, or land contract is presented for recording.

2009: LB 121 returned the nine state assessment offices back to the counties. All counties must be returned by June 30, 2013.

### **Other Property “Tax Policy” Changes:**

1996: LB 1114 imposed levy limits on all local governments to limit the total property tax rate (excluding exceptions) to \$2.24 per \$100 of taxable value beginning in 1998 and \$2.13 when fully implemented in 2001. Exceptions were for bonded debt, grandfathered building fund projects for schools, grandfathered capital lease purchases, and voter-approved overrides. Another crucial change was the concept of allocated levies, where counties were responsible for including the levy of small miscellaneous governments within the 45 cent limit of the county.

1996-1997: LB 299 imposed certain budget limits. For all political subdivisions, except schools and SID's 5 years old or less, the budget limit for restricted funds for fiscal year 1996-1997 was two percent plus population growth. For fiscal year 1997-1998 the budget limit was the prior year's total of restricted funds, plus population. For school districts the budget limit for general fund expenditures, other than special education, for fiscal year 1996-1997 was two percent plus the percent increase in the number of students. For fiscal year 1997-1998 the budget limit was the prior year's general fund expenditures, other than special education, plus the increase in students. There were certain statutory exceptions to the limits and provisions to exceed the limit by one percent that required a 75 percent vote of the governing body.

1996: LB 1177 created the Municipal Equalization Fund and provided for aid to municipalities that are unable to raise the average amount of property tax revenue per capita with the average property tax levy. The bill also allowed counties to levy a sales tax of up to one and one-half percent to support the county share of jointly provided public safety services.

1997: LB 269 did the following: (1) changed the levy limits for community colleges not to exceed seven cents for fiscal year 1998-1999 and fiscal year 1999-2000 and six cents for fiscal year 2000-2001 and all subsequent fiscal years, (2) created a new equalization formula for funding community colleges that makes up for any differences between the maximum levy times the valuation for the area and 40 percent of the total spending allowed to the area, (3) provided for levy allocation by municipalities for Community Redevelopment Authorities, city airport authorities and other entities created by cities, and (4) divided municipalities into three different size groupings for purposes of the state's city equalization formula, which was created by LB 1177 in 1996.

1998: LB 695 provided an equalization aid program for counties. The program distributes about \$6 million annually to counties that are unable to generate the average number of dollars per road mile by levying a uniform local effort rate provided for in the bill. The bill also provided that counties receive \$35 per day for state prisoners held in county jails, a program which was originally budgeted to receive \$6 million of funding.

1998: LB 1120 created an aid program for rural and suburban fire protection districts that cooperate by setting a uniform tax rate to finance these services in the great majority of any one county. The aid amount is \$10 per resident within the agreement. The annual cost is about \$2.5 million.

1999: LB 881 used the Cash Reserve Fund to provide for specific property tax relief programs. For 1999, \$30 million was distributed to community colleges based on valuation.

1999: LB 881 (tax credit for 2000) also provided \$25 million for the Relief to Property Taxpayers Act. The Act provided direct local property tax relief to all taxable real property owners in the form of a tax credit that is displayed on the tax statement. The credit, for year 2000, provided \$30.54 in property tax relief for every \$100,000 in taxable value. In other words, for every \$100,000 in taxable value, the state will pay the local taxing subdivisions \$30.54 that otherwise would have been collected from the taxpayer. Due to state budget constraints, the Legislature did not appropriate any monies to the Relief to Property Taxpayers Act in 2001 and subsequently repealed the Act in 2002.

2006: Effective June 15, 2006, in accordance with final orders issued pursuant to LB 126 (2005), all Class I school districts (elementary grades only) and Class VI high school districts (high school grades only) were dissolved and merged into school systems that offer kindergarten through grade 12. Nebraska's approximate 469 individual base school districts decreased to 254 school systems for 2006. This legislation was repealed by voters in the 2006 November election but it did not automatically reinstate the school districts as they existed prior to implementation of LB 126. Instead, the 2007 legislative session provided the enabling statutory language for Class I or Class VI schools to exist or be created again.

2006: LB 968 eliminated the termination date for the increase in the school levy to \$1.05 per \$100 of taxable value and the levy limit will remain at \$1.05 rather than returning to \$1.00 in 2009.

2007: LB 342, known as the Community College Foundation and Equalization Aid Act, amended provisions governing distribution of state aid appropriations among the state's six community college areas and amended provisions governing the property tax levy authority of community colleges.

2007: LB 367 created the Property Tax Credit Act, which provides direct local property tax relief to all taxable real property owners in the form of a tax credit that is displayed on the tax statement. The real property tax credit is based upon the valuation of each parcel of real property compared to the valuation of all real property in the state. The total amount of credit available for statewide distribution is \$105 million for year 2007 and \$115 million for year 2008. The credit, for year 2007, provided \$83.22 in property tax relief for every \$100,000 in taxable value. Meaning, for every \$100,000 in taxable value, the state pays the local taxing subdivisions \$83.22 that otherwise would have been collected from the taxpayer.

2009: LB 315 funded the Property Tax Credit Act for two additional years. The total amount of credit available for statewide distributions was \$115 million for 2009 and \$115 million for year 2010.

## **State Aid to Education (TEEOSA):**

1990: The Legislature enacted LB 1059, the Tax Equity and Educational Opportunities Support Act (TEEOSA). LB 1059 increased the sales tax rate from four percent to five percent and the income tax rates by eight and one-half percent for 1990 and an additional eight and one-half percent for 1991 to fund the Act. This landmark school finance legislation dramatically increased state aid distributed to schools in an “equalized” manner. School costs were calculated per student within nine “tiers” or groups of similarly-sized schools and the formula enabled each school district to finance the average cost per student for the tier with a combination of state aid and property taxes at a defined “local effort rate”. The rate varied based on the amount of appropriation available. LB 1059 also “rebated” 20 percent of the income tax paid by residents of the district to the school district. Total cost when fully implemented was about \$210 million. The purpose of LB 1059 was to provide additional state aid to schools, reduce the reliance on property taxes to fund public education, and to try to remedy inequities in educational fiscal resources for students. While the formula for distributing state aid has been adjusted several times since 1990, measuring each school district's ability to generate revenue through property taxes remains an important component in the school aid formula.

1994: LB 1290 required the adjusted value or full assessable property valuations to be determined for each school district, by the Department of Property Taxation and Assessment, for use in the school aid formula. This provision "levels the playing field" and prevents a school district from receiving an unfair advantage in the school aid formula if their property valuations are at a lower level than other school districts.

1996: The Legislature enacted LB 1050 which revised the school aid formula to: (1) limit the amount of income tax rebate to \$82 million, (2) change the distribution of Insurance Premium Tax dollars from per student to being included as part of the equalization aid program, and (3) created an incentive for schools that consolidate.

1997: LB 806 revised the school aid formula by eliminating the tiers created in LB 1059 (1990) and providing for only three cost groupings: sparse, very sparse, and standard. The bill also provided for allocation or calculation of the budget for Class I schools that are part of a Class VI system or are affiliated with another K-12 district, thus integrating the levy of each “system” into the levy limits of LB 1114 (1996). Finally, the bill increased the appropriation for the school aid by \$110 million.

1998: LB 149 changed school finance such that the amount of school aid to be provided by the state is to be the full amount needed to fund all calculated needs for schools, assuming the local effort rate is equal to 10 cents less the levy limit.

2002: LB 898 statutorily reduced the calculated needs of schools by about one and one-quarter percent for 2002-2003 through 2004-2005 to reduce school aid by about \$22 million.

2006: LB 968 changed the required level of assessment for agricultural and horticultural land from 80 percent to 75 percent of actual value for purposes of the 2006 school adjusted value, which is used in calculating school aid for 2007-2008. This change was intended to make the agricultural and horticultural land value used in the 2007-2008 school aid formula consistent with the “assessed” value of agricultural and horticultural land in 2007 which moves to 75 percent of actual value.

2008: LB 988 amended Neb. Rev. Stat. [§ 79-1016](#), changing the required level of assessment for purposes of “adjusted value” used in the state’s school aid formula. The Property Tax Administrator is required to adjust the taxable value of each school district so that: 1) all real property, other than agricultural and horticultural land, is adjusted to 96% (*instead of 100%*) of actual value; and 2) all agricultural and horticultural land is adjusted to 72% (*instead of 75%*) of actual value, and all agricultural and horticultural land that receives special valuation pursuant to Neb. Rev. Stat. [§ 77-1344](#) is adjusted to 72% (*instead of 75%*) of the value of the land for its agricultural or horticultural purposes only.

### **Motor Vehicles:**

1997: LB 271 changed the method for taxation of motor vehicles to a uniform, statewide tax and fee system rather than according to value. The fee is a nominal amount, generally between \$5 and \$30 and the proceeds are distributed to cities and counties based on the Highway Trust Fund dollars. The motor vehicle tax is determined from a table that begins with the manufacturer’s suggested retail price (MSRP) and declines each year thereafter, using a table found in state law. Responsibility for motor vehicle taxation was shifted from the county assessor to the county treasurer.

1998: LR 45CA amended the constitution, eliminating the requirement that motor vehicle taxes be distributed to local governments in proportion to property taxes levied.

1999: LB 142 implemented part of LR 45CA by providing that the proceeds from the motor vehicle tax be distributed 60 percent to the school district where the vehicle is registered, 22 percent to the county, and 18 percent to the city except in Douglas County where the city-county shares are reversed.

### **Homestead Exemption:**

1969: The Homestead Exemption Act was created by the Legislature to provide direct property tax relief to individual owners of residential property. This law, with some exceptions, provided for an exemption of \$800 of actual value for residences valued at \$4,000 or more. A homestead is defined as a residence, and the land surrounding, not to exceed one acre. To qualify, the homestead must be occupied by the owner of record on January 1 of the year for which application for exemption is made. The exemption applies to all or part of the local property taxes levied against the home, with the state reimbursing local governments from general fund revenues for the taxes exempted under the program. In 1971 and 1973, the legislature increased the benefits of the homestead exemption for specific categories of veterans, disabled, and elderly homeowners with limited income.

1983: LB 396 eliminated a general homestead exemption that exempted the first \$800 of value of a homestead valued at \$4,000 or more. The cost savings was \$4.7 million.

1984: LB 809 adopted a general homestead exemption of \$3,000 and required property tax statements to reflect that the state was financing the exemptions. This was estimated to cost about \$18 million. However, the program was delayed and then repealed after one year, never having been implemented.

1986: LB 1268 provided for a sliding scale for homestead exemption benefits for elderly and disabled beneficiaries as income increased.

1988: LB 1105 eliminated the sliding scale of benefits for homestead exemptions and provided that those with income below the filing threshold of \$10,400 received the full \$35,000 exemption.

1989: LB 84 granted an eight and one-half percent reduction in property valuation, or a \$5,400 general homestead exemption for 1989 only, the reductions to be financed by the state. Total cost was \$114 million.

1994: LB 802 enacted significant changes to the homestead exemption program: redefined household income, increased the amount of exemption, required the filing of an income statement, placed limits on the value of the home for which an exemption application is made, and implemented a sliding scale that allows partial exemption as income increase. Overall, these changes were revenue neutral.

1999: LB 179 increased the homestead exemption income eligibility amounts and expanded the definition of disability for purposes of eligibility. The cost of the expansion was \$8.8 million.

2004: LB 986 changed the definition of multiple amputees for certain veterans eligible for exemption for applications filed in 2004 and after.

2006: LB 968 made changes to increase the benefits available under the homestead exemption program, effective for 2007. The exempt amount was increased from the greater of \$40,000 or 80 percent to the greater of \$40,000 or 100 percent of the average residential home value in the county. For disabled veteran beneficiaries, the exempt amount increased from the greater of \$50,000 or 100 percent to the greater of \$50,000 or 120 percent of the average residential home value. The maximum value also increased from \$95,000 or 150 percent to \$95,000 or 200 percent of the average residential home value. The maximum value for handicapped and veteran claimants also increased a comparable amount.

2009: LB 94 made changes to allow applicants for the homestead exemption to file an application or certification up until the first half real estate taxes become delinquent if they missed the June 30 filing dates because of a medical condition.

2009: LB 302 made changes to allow the homestead exemption claimant to transfer a homestead exemption to a new homestead without having to sell the original homestead.

### **Documentary Stamp Tax:**

All transfers of beneficial interest in, or legal title to, real estate are subject to a documentary stamp tax based upon the value of the real estate transferred. The tax is due at the time the deed is offered for recording unless specifically exempt pursuant to Neb. Rev. Stat. [§ 76-902](#).

1965: Chapter 463, established the documentary stamp tax. The tax is collected by the register of deeds and remitted to the Department of Revenue. The initial rate was \$0.55 per each \$500 of value or fraction thereof. The register of deeds retained 25 percent of the proceeds of the sale of stamps to be placed into the county general fund.

1985: LB 236 raised the rate to \$1.50 per each \$1,000 of value or fraction thereof. The register of deeds retained 33 1/3 percent of the proceeds of the sale of stamps to be placed into the county general fund.

1992: LB 1192 raised the rate to \$1.75 per each \$1,000 of value or fraction thereof. The register of deeds retained \$0.50 from each \$1.75 collected to be placed into the county general fund.

2005: LB 40 raised the rate to \$2.25 per each \$1,000 of value or fraction thereof. The register of deeds retains \$0.50 from each \$2.25 collected to be placed into the county general fund. For each remaining \$1.75 remitted to the state, \$0.25 is credited to the Homeless Shelter Assistance Trust Fund, \$1.20 is credited to the Affordable Housing Trust Fund, and 30¢ is credited to the Behavioral Health Services Fund.

## **2010 Legislation**

---

**LB 708. August 1 permissive exemption application date changed to July1. Legislation became effective on January 1, 2011.**

**Sections 1 and 2.** Amends sections 77-202.03 and 77-202.09 to provide that education, religious, charitable and cemetery organizations that acquire or convert taxable property to exempt use after January 1, now have until July 1 (rather than August 1) to make application for property tax exemption.

**Section 3.** Operative Date

**Section 4.** Repealer.

---

**LB 806. Cleanup legislation to remove obsolete language pertaining to the disqualification of land receiving special valuation. Legislation became effective on July 15, 2010.**

**Section 1.** Amends section 77-1347 to repeal sales of agricultural or horticultural land to political subdivisions, the State of Nebraska and any other ownership that would make it exempt from property tax as disqualifiers for receiving the agricultural or horticultural land special valuation.

**Section 2.** Repealer

---

**LB 873. Property tax delinquency notices will no longer be sent to owners of improvements on leased lands. Legislation became effective on July 15, 2010.**

**Section 1.** Amends section 77-1716 to no longer require County Treasurers to issue delinquency notices to the owners of improvements on leased lands upon which the property taxes have become delinquent.

**Section 2.** Repealer

---

**LB 877. This legislation is the Property assessment Division's cleanup legislation and contained the emergency clause. Legislation became effective on April 14, 2010.**

**Section 1.** Amends section 77-202.04 to provide that besides the county assessor, the Tax Commissioner and the Property Tax Administrator are also empowered to appeal a county board of equalization's final decision approving or denying of an exemption of real or personal property to the Tax Equalization and Review Commission.

**Section 2.** Amends section 77-701 to provide the Tax Commissioner or Property Tax Administrator the right to appeal any final decision of the Tax Equalization and Review Commission relating to the granting or denying of an exemption to real or personal property or

any final decision relating to the valuation or equalization of real property to the Court of Appeals.

**Section 3.** Amends section 77-1363 to provide that county assessors are to implement the soil surveys from the Natural Resources Conservation Service of the United States Department of Agriculture, as directed by the Property Tax Administrator.

**Sections 4 and 5.** Amend sections 77-1502 and 77-1507 to require that real property valuation protests filed with the county board of equalization must now contain an adequate description to identify the parcel upon which the assessed valuation is being protested.

**Section 6.** Amends section 77-3517 to restore the Tax Commissioner's authority to review homestead exemption applications for any information that he or she deems necessary to determine whether an application is in compliance with the homestead exemption statutes. Prior to this legislation the Tax Commissioner was limited only to verifying the income qualification.

**Section 7.** Amends section 77-5007 to authorize the Tax Equalization and Review Commission to hear appeals by the Tax Commissioner or Property Tax Administrator regarding a final decision of a county board of equalization relating to the exemption of real and personal property from property taxes.

**Section 8.** Amends section 77-5013 by exempting the Tax Commissioner and the Property Tax Administrator from having to pay a filing fee for appeals to the Tax Equalization and Review Commission.

**LB 1048. This legislation allows opportunities for private developers to develop, own and operate renewable energy facilities for the export of wind energy from the state. Legislation became effective on July 15, 2010.**

**Section 1.** Amends section 13-518 to allow funds received from nameplate capacity tax for the first five years to be considered non-restricted funds for budget purposes.

**Sections 2 through 9.** These sections pertain to the duties of the Power Review Board, requirements of the Department of Aeronautics, eminent domain and application requirements to develop and operate a renewable energy facility.

**Section 10.** Amends section 77-105 to include all personal property needed in the generation of electricity using wind as the fuel source.

**Section 11.** Amends section 77-202 to exempt any property used directly in the generation of electricity using wind as the fuel source.

Personal property used directly in the generation of electricity includes but is not limited to, wind turbines, rotors and blades, towers, trackers, generating equipment, transmission components, substations, supporting structures or racks, inverters, and other system components such as wiring, control systems, switchgears, and generator step-up transformers.

**Section 12.** Nameplate capacity tax replaces the property tax.

**Section 13.** Definitions.

**Section 14.** The owner of a wind energy generation facility shall annually pay the nameplate capacity of the wind turbine multiplied by a tax rate of three thousand five hundred eighteen dollars per megawatt.

The presence of a wind generation facility or supporting infrastructure shall not be a factor in the assessment, determination of actual value, or classification of the real property underlying or adjacent to the facility or infrastructure.

The tax will be collected by the Department of Revenue.

Any property tax imposed upon a wind energy generation facility prior to the effective date of this act which is greater than the amount that would have been due under this act shall be credited against any nameplate capacity tax due after January 1, 2010 until fully utilized.

The nameplate capacity tax for the first calendar year shall be prorated based upon the number of days remaining in the calendar year after the turbine is commissioned. When a turbine is decommissioned, the nameplate capacity tax will be prorated based upon the number of days in the calendar year during which the turbine was not decommissioned or was operational.

On March 1 of each year, the owner of a wind energy generation facility shall file with the Department of revenue a report on the nameplate capacity for the previous calendar year. The nameplate capacity tax shall be due the following April 1 and shall be delinquent if not paid on a quarterly basis starting April 1 and each quarter thereafter. Delinquent quarterly payments shall draw interest at the rate determined by the Tax Commissioner.

Failure to file the nameplate capacity report by March 1, and failure to pay the taxes due or underpayment of taxes shall result in a penalty of five percent of the amount due being imposed for each quarter the report is late or the tax payment is delinquent. The penalty shall not exceed ten thousand dollars.

The Department of Revenue shall enforce the reporting and collecting of the nameplate capacity tax and shall promulgate rules and regulations for implementation and enforcement.

The Department of Revenue shall separately identify the proceeds from the nameplate capacity tax and shall pay all proceeds over to the county treasurer of the county where the facility is located within thirty days after receipt.

**Section 15.** The county treasurer shall distribute the proceeds of the nameplate capacity tax using the same allocation formula he or she uses to distribute property taxes to the political subdivisions in the tax district or tax districts in which the wind energy generation facility is situated .

The Department of Revenue shall not retain any funds from the nameplate capacity tax.

**Section 16.** School budgets shall include revenues received from the nameplate capacity tax.

**Section 17.** Revisor Assignments.

**Section 18.** Repealers.

**LB 1071. This legislation is the K-12 technical bill for 2010, contains the emergency clause and has various operative and effective dates. Legislation contained the emergency clause and became effective on April 15, 2010.**

**Section 1.** Amends section 13-509 to repeal the assessor's requirement to certify to the State Department of Education the taxable real and personal property valuations for all school districts. This section became effective on April 15, 2010.

**Sections 2 through 43.** All other sections pertain to the Department of Education, school districts, learning community, and community colleges.

**Section 44.** Revisor Assignments.

**Section 45.** Operative dates.

**Sections 46 through 48.** Repealers

**Section 49.** Emergency Clause.

## **Administration of Property Assessment**

---

All property in the State of Nebraska is subject to property tax unless an exemption is mandated by the Nebraska Constitution, Article VIII, or is permitted by the Constitution and enabling legislation is adopted by the Legislature. Federal law may supersede the Nebraska Constitution with regard to taxation of property owned by the federal government or its agencies or instrumentalities. All property in the State of Nebraska subject to taxation shall be valued as of January 1, 12:01 a.m., of each year.

The county assessor is responsible for valuing all real and personal property with the exception of railroads, public service entities, and specific personal property of air carrier and rail car line companies, which are assessed by the Property Tax Administrator.

The valuation of real property is determined according to professionally accepted mass appraisal techniques, including but not limited to the following: (1) comparing sales of properties with known or recognized values, taking into account location, zoning, and current functional use (also known as the sales comparison approach); (2) the income approach; and (3) the cost approach. The valuation of personal property is determined using a statutory method of depreciated values similar to the Federal Modified Accelerated Cost Recovery System and 150 percent declining balance depreciation schedules.

All real property is assessed at or near 100 percent of actual value, except agricultural and horticultural land which is assessed at or near 75 percent of actual value. Agricultural and horticultural land receiving special valuation pursuant to Neb. Rev. Stat. [§ 77-1344](#) is assessed at 75 percent of its special value which is the value of the land for agricultural and horticultural purposes. Personal property is assessed at 100 percent of the net book taxable value as determined by the statutory method.

Permissive exemptions are allowed for certain organizations such as religious, charitable, educational, and agricultural societies, pursuant to Neb. Rev. Stat. [§ 77-202](#). The organization must file an application for exemption of real and/or personal property. The county assessor will recommend approval or denial to the county board of equalization which will meet to make final decision regarding the application for exemption.

There is an exemption for certain business personal property belonging to qualifying companies under Nebraska's tax incentive programs- the Employment and Investment Growth Act and the Nebraska Advantage Act.

There is an exemption for certain personal property belonging to qualified beginning farmers or livestock producers, pursuant to Neb. Rev. Stat. [§ 77-5209.02](#) of the Beginning Farmer Act.

For individuals, the homestead exemption program is designed to provide local property tax relief to qualifying elderly individuals, certain disabled veterans, and certain disabled individuals and their widowers who own and live in the home for which an exemption application is made. The exemption applies to all or part of the property taxes levied against the home, with the state reimbursing local governments from general fund revenues for those taxes exempted under the program.

Between January 1 and March 19 of each year, the county assessor updates and revises the real property assessment roll. Each year between early April and May 15 the Tax Equalization and Review Commission has the authority to adjust the valuation of classes or subclasses of real property in any county in order to achieve equalization of property values. Decisions of the Tax Equalization and Review Commission may be appealed to the Nebraska Court of Appeals.

The county assessor revises the real property assessment rolls for any orders issued by the Tax Equalization and Review Commission and notifies property owners of value increases or decreases by June 1. Individual protests of real property valuations may be made to the county board of equalization. The county board of equalization may adjust the protested value of individual properties. Decisions of the county board of equalization may be appealed to the Tax Equalization and Review Commission.

Personal property is self reported by the taxpayer on or before May 1. If the county assessor makes changes to the reported valuation, a notice must be sent to the taxpayer. The action may be appealed to the county board of equalization.

On or before August 10, the Tax Equalization and Review Commission shall equalize the real property of centrally assessed railroad and public service companies with the statewide level of assessment. The Property Tax Administrator certifies centrally assessed values to the counties.

On or before August 20, the county assessor compiles and certifies the total taxable value (real, personal, and centrally assessed) to each local government taxing subdivision for rate setting purposes.

Each year, on or before October 15, the county board of equalization levies the necessary taxes, within the limits of the law, for operation of all functions of county government, school districts, cities, etc. The tax rates for these various local government taxing subdivisions are determined by dividing the subdivision's annual tax request by the current total taxable value within their boundaries. The tax rates are expressed as \$1 per \$100 dollars of taxable value.

Property taxes are determined by multiplying the property's taxable value by the total consolidated tax rate for the tax district in which the property is located. The tax district is comprised of various governing bodies empowered to levy property taxes for services, such as county government, school district, city, etc.

On or before November 22, the county assessor transcribes the real property tax list and delivers it to the county treasurer for collection of property taxes. All real and personal property taxes, including taxes of centrally assessed railroad and public service companies, are due December 31. The first half of the tax becomes delinquent on the following May 1 and the second half becomes delinquent on September 1, except in Douglas, Lancaster, and Sarpy counties, where the first half is delinquent on April 1 and second half becomes delinquent on August 1.

## Statistical Tables

---

### Notes Regarding Statistical Tables:

- (1) The data sources for the statistical tables are the Certificate of Taxes Levied Report and the County Abstract of Assessment Report.
- (2) Property taxes levied includes homestead exemption tax loss.
- (3) Property taxes levied excludes taxes levied on redevelopment or enhanced value of community redevelopment projects using tax increment financing (TIF). See report to the Legislature for redevelopment projects, published on March 1 of each year, available on line at: [http://www.revenue.ne.gov/PAD/research/tif\\_reports.html](http://www.revenue.ne.gov/PAD/research/tif_reports.html).
- (4) The state total valuations and property taxes levied for the years 1967 through current are listed in Table 1. Tax policy changes that affect the valuation or tax are explained in a previous section of the annual report, e.g. 1997 motor vehicles are no longer taxed based on a value. Also listed in Table 1 are the state total property tax amounts, mill levies, and average statewide property tax rates for applicable years. Payments in lieu of tax made by public power districts and other in lieu of tax payments are not included in total taxes.
- (5) Assessment levels for property:
  - a) For 1920 and prior years, property was assessed at 20 percent of its actual value;
  - b) From 1921 to 1952, property was assessed at its actual value;
  - c) From 1953 to 1955 property was assessed at 50 percent of its actual value;
  - d) In 1956 and 1957 property was assessed at 50 percent of its base value;
  - e) From 1958 to 1980 property was assessed at 35 percent of its actual value;
  - f) From 1981 to 1991 property was assessed at 100 percent of actual value;
  - g) From 1992 to 2006 property was assessed at 100 percent of actual value, with the exception of agricultural and horticultural land which was assessed at 80 percent of actual value.
  - h) From 2007 to current, agricultural and horticultural land was assessed at 75 percent of actual value.
- (6) Example: In years 1967 to 1980, tax rates were expressed as mills per one-thousand dollars of value.

Property market value	100,000
Assessment level	<u>x 35%</u>
Assessed value	35,000

Mill levy of 55.925	
or 55.925/1,000	<u>x .055925</u>
Calculated Taxes	\$ 1,957.38

(7) Example: In years 1981 to current, tax rates are expressed as rates per one-hundred dollars of value.

Property market value	100,000
Assessment level	$\times \frac{100\%}{100}$
Assessed value	100,000

Tax Rate of 1.9574	
or 1.9574/100	$\times .019574$
Calculated Taxes	\$1,957.40

(8) Example: Converting a mill levy to a tax rate.

Mill levy	55.925
Assessment level	$\times \frac{35\%}{100}$
	19.574
Divide result by 10	$\div 10$
To convert to a tax rate	1.9574

(9) In Lieu Of Taxes, Table 21. In Nebraska, every public corporation and political subdivision of the state that is primarily organized to provide electricity or irrigation, and which sells electricity at retail to incorporated cities and villages, makes payments in lieu of property taxes. The payments are equivalent to five percent of the gross revenue derived by the power district, plus a fixed amount based on the 1957 levies. Other in lieu of tax payments are also reported for game and parks wild-life preserve, housing authorities, hospitals, and community redevelopment authorities.

### Definitions of Property Type Categories in the Statistical Tables:

**Agricultural farm home site** means one acre or less of land that is contiguous to a farm site and upon which is located a residence and improvements necessary for residential purposes. *For purposes of summarizing data, the farm residences and farm home site land are included with residential property sector.*

**Agricultural farm site land** means the portion of land containing improvements that are agricultural or horticultural in nature, including any uninhabitable or unimproved farm home site, all of which is contiguous to agricultural or horticultural land.

**Agricultural or horticultural land** means a parcel of land which is primarily used for agricultural or horticultural purposes, excluding land associated with a building or enclosed structure located on the parcel. Agricultural or horticultural purposes means used for the commercial production of any plant or animal product in a raw or unprocessed state that is derived from the science and art of agriculture, aquaculture, or horticulture.

**Exempt** means real property that receives an exemption from property tax, i.e. governmentally exempt or permissive exemptions such as religious, charitable, educational, etc.

**Centrally assessed** means operating property valued by the state for property tax purposes. The centrally assessed property information in the statistical tables of this report reflects operating

property of railroads and public service entities, except for Table 22 which reflects data for car line companies and air carriers.

**Commercial** means all parcels of real property predominantly used or intended to be used for commerce, trade, or business. For purposes of reporting, multi-family dwellings predominantly used for occupancy by more than two families, are summarized with the commercial property type.

**Industrial** means all parcels of real property predominantly used or intended to be used for the process or manufacture of goods or materials.

**Mineral interests** means the ownership interest of mines, minerals, quarries, mineral springs, overriding royalty interest and production payments with respect to oil and gas leases. The minerals category includes both producing and non-producing interests.

**Personal property** means depreciable tangible personal property which is used in a trade or business or used for the production of income and which has a determinable life of longer than one year. Personal property net book value is determined pursuant to Nebraska's statutorily defined adjusted basis multiplied by the appropriate depreciation factor.

**Recreational** means all parcels of real property predominantly used or intended to be used for diversion, entertainment, and relaxation on an occasional basis. Some of the uses would include fishing, hunting, camping, boating, hiking, picnicking, and the access or view that simply allows relaxation, diversion and entertainment.

**Residential single family** means all parcels of real property predominantly used or intended to be used as a dwelling place or abode whether occupied by the owner, tenant or lessee, and where occupancy is for a period of time usually year-round as opposed to a transitory occupancy by a single family or two families.

1 From 1967 to 1980 Nebraska used mill levies. The mill levies have been adjusted to compare with average state-wide tax rates.

2 1981 Assessment level changed from 35 percent of actual value to 100 percent of actual value (LB 187 passed 1979).

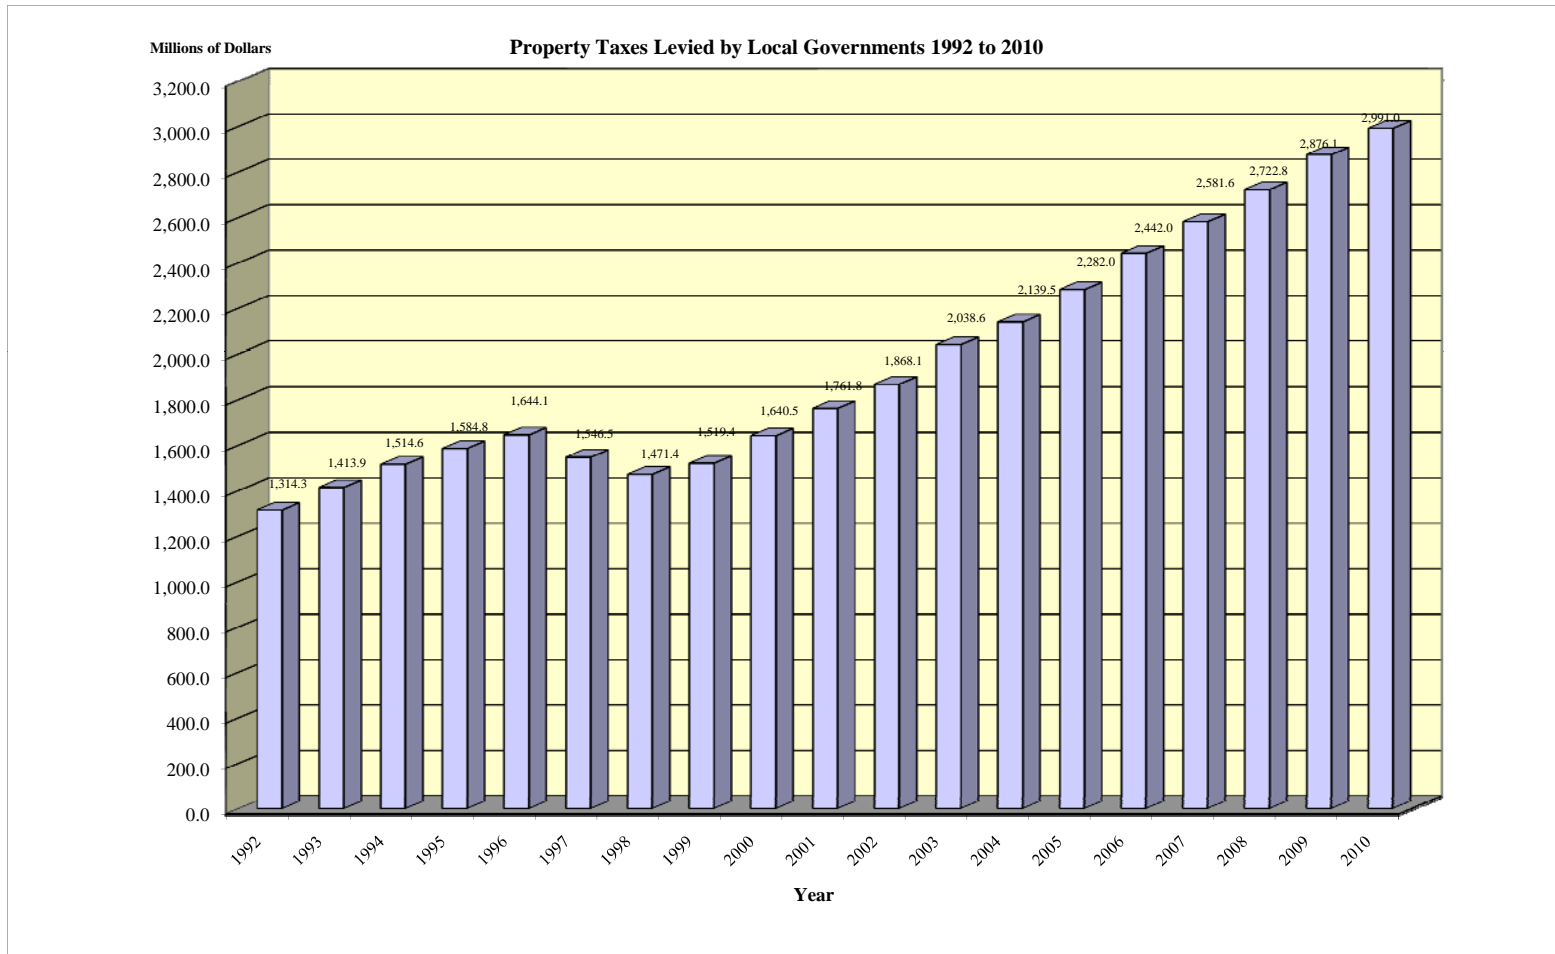

3 1992 agricultural & horticultural land assessed at 80% of actual value value; 2007 agricultural & horticultural land assessed at 75% of actual value.

4 1997 value excludes motor vehicle pursuant to LB 271 passed in 1997.

## Table 12 School Systems 2010-2011 Cumulative Totals

---

### Reference for Class of School Districts:

**Class 2 (grades K-12)** includes any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board.

---

**Class 3 (grades K-12)** includes any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board.

---

**Class 4 (grades K-12)** includes any school district embracing territory having a population of one hundred thousand or more inhabitants with a city of the primary class (city population 100,001-299,999) within the territory of the district that maintains both elementary and high school grades under the direction of a single board.

---

**Class 5 (grades K-12)** include any school district embracing territory having a city of the metropolitan class (city population 300,000 or more) within the territory of the district that maintains both elementary grades and high school grades under the direction of a single board.

---

**UNIFIED SCHOOL.** A unified school system allows for two or more Class 2 or 3 school districts to combine their resources to provide a K-12 education. The unified system is an interlocal agreement between the participating K-12 school districts.

---

**LEARNING COMMUNITY.** All of the school districts with headquarters in a county containing a city of the metropolitan class or in a county that shares a border with a city of the metropolitan class are required to be a member of a learning community. The first learning community became operational in January 2009, for school districts headquartered in Douglas County and Sarpy County.

**Notes:**

- 1) All years 1997 and prior, include estimated motor vehicle value; 1998 does not include motor vehicle value per LB 271 tax policy changes.
- 2) Pursuant to 2006 Neb. Laws LB 968, the level of value for agricultural and horticultural land changed to 75% of actual value for the 2006 school adjusted value used in 2007-2008 aid calculations, as the assessment level for tax purposes will change to 75% of actual value as of January 1, 2007.
- 3) Pursuant to 2008 Neb. Laws LB 988 the 2007 school adjusted valuations were recertified on April 29, 2007 to reflect adjustments of value to the midpoint of assessment level ranges, such that all real property was adjusted to 96% (instead of 100%), except agricultural and horticultural land was adjusted to 72% (instead of 75%).
- 4) Unadjusted Value, Adjustment Amount, & Total Adjusted Value reflect all "recertifications" to Dept.of Education for corrections, appeals, & recertifications pursuant to Neb.Rev. Stat. § 79-1016.

**ENDNOTES:**

1. The median has been adopted by the Commission as the preferred established indicator of central tendency. 442, Neb. Admin. Code, ch. 9, §004 (6/09). The acceptable ratio range for the median of the "Assessment-Sales Ratio" is from 69% to 75% of actual or fair market value for the class and subclasses of agricultural land and horticultural land not receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; 69% to 75% of special valuation for the class and subclasses of agricultural land and horticultural land receiving special valuation pursuant to Neb. Rev. Stat. §77-1344; and 92% to 100% of actual or fair market value for all other classes and subclasses of real property. Neb. Rev. Stat. §77-5023(2) (Reissue 2009).

2. The appropriate COD range for the residential class and subclasses of real property is between 0 and 15 and the appropriate COD range for all other classes and subclasses of real property is between 0 and 20. 442 Neb. Admin. Code, ch. 9, §005.02 (6/09).

3. The appropriate PRD range for all classes and subclasses of real property is between .98 and 1.03. 442 Neb. Admin. Code, ch. 9, §005.03 (6/09).

4. The level of value for special value of the agricultural land and horticultural land class of real property receiving special valuation and its subclasses was determined through an income based methodology developed by the Property Tax Administrator pursuant to Neb. Rev. Stat. §77-1327(4) (Reissue 2009).

5. The COD derived from the statistical studies for this class of real property indicates that the median sales assessment ratio of the sales from which the COD is derived is an unreliable basis for a determination of the level of value.

Notes: [1] Disabled includes the categories for certain disabled individuals and certain disabled veterans and their widow(er)s.

[2] The approval/disapproval is based only on the income criteria. The qualification for homestead exemption in assessment/tax year 2010 relies on income data from 2009.

[3] Partially Approved includes those applications approved for 25%, 40%, 55%, 70%, and 85% exemptions.

[4] The number of exemptions on Table 26A is less than the number of approved applications on Table 26C due to deaths, moves, and sales occurring from the time applications were submitted from the county assessors to the Dept. of Revenue (between February 1 and August 1, 2010) and August 15, 2010.

[5] Data is as of February 23, 2011.

Notes: [1] Disabled includes the categories for certain disabled individuals and certain disabled veterans and their widow(er)s.

[2] The approval/disapproval is based only on the income criteria. The qualification for homestead exemption in assessment/tax year 2010 relies on income data from 2009.

[3] Partially Approved includes those applications approved for 25%, 40%, 55%, 70%, and 85% exemptions.

[4] The number of exemptions on Table 26A is less than the number of approved applications on Table 26C due to deaths, moves, and sales occurring from the time applications were submitted from the county assessors to the Dept. of Revenue (between February 1 and August 1, 2010) and August 15, 2010.

[5] Data is as of February 23, 2011.

Notes: [1] For over-age 65 applicants to be eligible for exemption, the maximum assessed value of the homestead is \$95,000 or 200% of the county's average assessed value of single-family residential property, whichever is greater.  
 [2] For most disabled applicants to be eligible for exemption, the maximum assessed value of the homestead is \$110,000 or 225% of the county's average assessed value of single-family residential property, whichever is greater.  
 [3] The qualification for homestead exemption in assessment/tax year 2010 relies on income data from 2009; the percentage of relief applies to the assessed value of the homestead up to the maximum exemption amount.  
 [4] For over-age 65 applicants, the maximum exemption is the taxable value of the homestead up to \$40,000 or 100% of the county's average assessed value of single-family residential property, whichever is greater.  
 [5] For most disabled applicants, the maximum exemption is the taxable value of the homestead up to \$50,000 or 120% of the county's average assessed value of single-family residential property, whichever is greater.

Notes: [1] For over-age 65 applicants to be eligible for exemption, the maximum assessed value of the homestead is \$95,000 or 200% of the county's average assessed value of single-family residential property, whichever is greater.

[2] For most disabled applicants to be eligible for exemption, the maximum assessed value of the homestead is \$110,000 or 225% of the county's average assessed value of single-family residential property, whichever is greater.

[3] The qualification for homestead exemption in assessment/tax year 2010 relies on income data from 2009; the percentage of relief applies to the assessed value of the homestead up to the maximum exemption amount.

[4] For over-age 65 applicants, the maximum exemption is the taxable value of the homestead up to \$40,000 or 100% of the county's average assessed value of single-family residential property, whichever is greater.

[5] For most disabled applicants, the maximum exemption is the taxable value of the homestead up to \$50,000 or 120% of the county's average assessed value of single-family residential property, whichever is greater.
