INSTRUCTIONS

Special Note: Beginning in 2010 Individual Estimated Payment Vouchers and Instructions will not be mailed by the Nebraska Department of Revenue (Department). Please make estimated payments electronically at http://www.revenue.ne.gov/electron/iit_eft.htm. If you are making payments by check or money order, a voucher can be found at <http://www.revenue.ne.gov/tax/current/current.htm#ind>.

WHO MUST FILE. If your 2009 tax due (line 17, Form 1040N) less withholding and allowable credits is \$500 or more, you may owe an underpayment of estimated tax penalty and must complete this form. You may also owe a penalty if estimated payments have not been filed in a timely manner.

WHO MUST PAY THE UNDERPAYMENT PENALTY. An individual who did not pay enough estimated tax by any of the applicable due dates, or did not have enough state income tax withheld, may be charged a penalty. **This is true even if you are due a refund when you file your tax return.** The penalty is calculated separately for each due date. You may owe the penalty for an earlier payment due, even if you paid enough tax later to make up the underpayment.

You may owe the penalty for 2009 if you did not pay at least the smaller of:

1. 90% of your 2009 tax liability; or
2. 100% of your 2008 tax liability (if you filed a 2008 return that covered a full 12 months).

If you are an individual with a qualified small business as defined by the American Recovery and Revitalization Act (ARRA), you are eligible to make smaller estimated tax payments. You do not owe the penalty if you made at least the required payment(s) of 90% of 2008 or 2009 tax. Check the box "ARRA" on reverse side.

EXCEPTIONS TO THE PENALTY. You do not have to pay the penalty if:

1. You had no tax liability for 2008, you were a U.S. citizen or resident for the entire year, and your 2008 Nebraska tax return was (or would have been had you been required to file) for a full 12 months;
2. You are a first-time filer for Nebraska tax purposes; or
3. The total tax shown on your 2009 return minus the amount of tax you paid through withholding is less than \$500. To determine whether the total tax is less than \$500, complete lines 1-6.

NOTE: If you file your return and pay the tax due by January 31, 2010, include on line 19, January 15 column, the amount of tax you pay with your tax return. In this case, you will not owe a penalty for the payment due on January 15, 2010.

Nebraska Tax on Annualized Income. No penalty will be imposed if your Nebraska tax payments equal or exceed 90% of your Nebraska tax liability based on annualized income earned through the end of the month preceding the installment date. If you meet this criteria, check the box at the top of this form. Paper filers attach a separate schedule showing your computation similar to the federal Annualized Income Installment Method Schedule.

WAIVER OF PENALTY. Waiver of penalty may be considered under the following circumstances:

- Underpayment due to casualty, disaster, or other unusual circumstance where it would be inequitable to impose the penalty
- In 2008 or 2009 you retired after age 62 or became disabled, and your underpayment was due to reasonable cause

Paper filers attach a statement to this form outlining why the penalty should not be imposed. E-filers attach a statement to [Form 8453N](#) and mail to the Department.

WHEN AND WHERE TO FILE. Form 2210N must be attached and filed with the [Nebraska Individual Income Tax Return, Form 1040N](#).

SPECIFIC LINE INSTRUCTIONS

LINE 7, 2008 TAX. Use your 2008 tax after nonrefundable credits from your 2008 tax return. If the 2008 tax year was for less than 12 months, do not complete this line. Instead, enter the amount from line 4 on line 8 and complete the remainder of the form. If you are not engaged in farming, ranching, or fishing, and your federal adjusted gross income (AGI) in 2008 was more than \$150,000 (\$75,000 if married, filing separately), enter 110% of your 2008 taxes on line 7. If you are a qualified small business, enter 90% of your 2008 tax.

LINE 9, INSTALLMENT PAYMENTS. If you filed your Nebraska income tax return and paid the balance of the tax due by January 31, that balance is considered paid as of January 15.

Fiscal Year Taxpayers. The installment due dates for fiscal year taxpayers are the 15th day of the following months:

1. The first month of the second quarter;
2. The third month of the second quarter;
3. The third month of the third quarter; and
4. The first month of the following fiscal year.

All dates on Form 2210N are to be considered in the corresponding month of the fiscal year.

LINE 11, TAX WITHHELD. An equal part of the Nebraska income tax withheld during the year by your employer is considered paid on each required installment date, unless you establish other dates when the withholding actually occurred.

For nonresident individuals, the amount of tax withheld by S corporations, partnerships, limited liability companies, or fiduciaries is considered paid on the last day of the organization's taxable year, unless you establish other dates when the withholding actually occurred.

LINE 18, OVERPAYMENT. Your payments are applied first to any underpayment balance on an earlier installment. It does not matter if you designate a payment for a later period. Any overpayment of an installment on line 18 that is larger than all prior underpayments should be applied as a credit on line 12 against the next installment.

LINES 19-23, PENALTY CALCULATIONS. Complete lines 19 through 23 to determine the amount of the penalty you owe. When determining the date of payment on line 20: use the date of the payment which was applied against the underpayment on line 19; the due date of the next payment (line 9 of the next column); or April 15, whichever is earliest. If more than one payment is made for any installment, or a partial payment is made, make separate penalty calculations through the date of payment and for the remaining underpayment through the date it is paid. Then add the results together and enter on line 22. See the instructions for Federal Form 2210 for more information. The penalty is calculated at 5% for payments due on or after January 1, 2010 and after.

SPECIAL RULES FOR FARMERS AND RANCHERS. If your gross income from farming, ranching, or fishing is at least two-thirds of your annual gross income from all sources for 2008 or 2009, Form 1040N is filed, and the Nebraska income tax is paid on or before March 1, you do not owe a penalty and are not required to file Form 2210N.

1. **How to Calculate Your Underpayment.** If the gross income test was met, but the date for filing and payment of the tax was not, complete lines 24 through 31. If no underpayment is indicated on line 31, do not complete lines 32 and 33.
2. **Penalty Calculation.** Complete lines 32 and 33 to determine the amount of the penalty which is calculated at 5%.
